Without the Thumb the Hand Would be Incomplete.

Without the Cluze Patent Thumb a glove is imperfect. A well-made glove often hides an ill-shaped hand. If it be a Cluze Patent Thumb Glove that covers the hand there will be nothing but elegance of fit and satisfaction in sight. The Cluze Glove satisfies, and because it satisfies it is handsome, since "handsome is not what i handsome, but what pleases." Every hand that wears a Cluze Patent Thumb Glove is a living advertisement for our our store.

AFFAIRS OF STATE.

Chairman Morrill Names the Investigating Committee.

Mavroyeni Bey, Turkish Minister, is Recalled—Filled Cheese Bill Reported.

WASHINGTON, May 12—At the meeting of the senate committee on finance today Chairman Morrill appointed a sub-committee of five to investigate the bond sales under the Peffer resolution, naming for that service Senators Harris, Vest and Walthall, democrats; Platt, republican, and Jones, of Nevada, populist.

Secretary Carlisle's letter to Senator Morrill, saying that he was willing to furnish the committee any information at his command, was read, and the chairman was authorized to request the secretary to supply a statement in writing with the understanding that if additional facts should be required he would be asked to appear personally. Nothing was said about the time of the beginning of the inquiry, the understanding being that this would necessarily depend upon the time taken by Mr. Carlisle in preparing his statement.

TURKISH MINISTER RECALLED.

The state department has been advised by Mr. Riddle, in charge of the United States legation at Constantinople, of the appointment of Mustafa Bey to succeed Mavroyeni Bey as Turkish minister at Washington. No reason is assigned for the recall of the present minister, who has been in Washington for the past nine years and stands third on the list of foreign ministers here in length of service, nor is anything known of the personality of his successor save the fact that he is set down as the assistant in the Turkish foreign office.

FILLED CHEESE BILL.

The finance committee of the senate today reported favorably the house filled cheese bill with some amendments. The amendments made reduce the annual revenue tax on manufacturers of filled cheese from $400 to $240, and on wholesale dealers in the article from $250 to $200. The report was adopted by a bare majority of one, the vote standing 5 to 4.

MILITARY PENITENTIARY.

The house committee on judiciary today ordered a favorable report on the bill to establish a site for the erection of a penitentiary to cost not exceeding $150,000 on the military reservation at Fort Leavenworth.

SPECIAL MEETING ORDERED.

The house judiciary committee today ordered a special meeting for Friday to consider the Hartman resolution for the re-organization of the Northern Pacific railroad company as a federal corporation.

CANAL BILL REPORTED FAVORABLE.

The house committee on inter-state and foreign commerce today ordered a favorable report on the Mahon Nicaragua canal bill as amended by the subcommittee. The vote stood: Ayes, 7; noes, 4. There were six members of the committee absent.

ATTEMPT AT ARSON.

The Torch Applied to a Big Factory.

Boxes, Sacks and Kerosene Piled Up and Fired and Dynamite Exploded at the Same Hour.

WARDNER, Idaho, May 12—A determined attempt was made last night to burn down the mammoth Bunker Hill concentrator at Wardner Junction. The concentrator was fired with the aid of boxes, sacks and kerosene, and at the same moment a portion of the large flume was blown up with dynamite, which shook the buildings at Kellogg, nearly a mile distant. The dynamite was used a few hundred yards above the mill. The machinery stopped and the electric lights were extinguished two minutes later. The time selected was when most of the mill hands were at supper. One remaining saw the fire as soon as it started and promptly extinguished it. The object was to get the concentrator to burning and prevent its extinguishment by cutting off the water supply. The Bunker Hill employs 400 men. The militia was called out and remained out all night, but no arrests have been made as yet.

KILLED BY LIGHTNING.

Farmer Wallace and His Three Sons Perish.

CADIZ, Ky., May 12.—Yesterday afternoon, during a severe hail and wind storm here, John J. Wallace, a prominent farmer, and his three sons sought shelter under a large sycamore tree. The men had no sooner reached the tree than a bolt of lightning struck it and killed all four of them instantly.

Destructive Storm.

SIBLEY, Iowa, May 12.—A terrific rain and wind storm passed through this section last night. The roof of the three story academy of music building was blown off. Part of the city building was destroyed by the wind. Many small buildings were demolished.

Old Fight Renewed.

NEW YORK, May 12.—The old fight between the police board and Comptroller Fitch took on another phase today. At the meeting of the police board a motion was presented by Commissioner Andrews suspending the payments of all drafts on the contingent fund of the department. No appropriation has been made to meet the expenses incurred by this fund and until that is done it is proposed to stop the collecting of evidence against saloonkeepers, policy shops, the feeding of criminals and the photographing of criminals for the rogues' gallery.

LOOKS SERIOUS.

The Russians Seize Some of Britain's Territory.

The Little Affair Creates a Sensation and May Result in Serious Complications.

SHANGHAI, May 12—J. Smith, the agent of the Russian Steam Navigation company, at Che Foo and also the agent for various American missions, has secured the foreshore at Che Foo, belonging to Ferguson & Co., agents for steamships and the New York Life Insurance company. Other firms objected but Russia intervened and the Chinese acceded to the request of the Russian vice consul.

LONDON, May 12—A special dispatch from Shanghai says that the Russians, through an American agent named Smith, have taken possession of the disputed territory at Che Foo, over which the British claim rights. Six Russian warships are there as well as the Detroit, Yorktown, Olympia and Machias of the United States navy. The dispatch adds that intense excitement prevails at Che Foo. A dispatch to the Globe, from Shanghai, says that the Russians have seized lot 12 of the British concession at Che Foo, in defiance of all legal and treaty rights. The Globe's editorial comment on the dispatches from Shanghai contains the remark that "The seriousness of the news from Che Foo cannot be overestimated. The action taken is in direct contravention of existing laws and treaties and cannot be viewed by Great Britian as other than an unfriendly act."

PLEADED GUILTY.

John Love Confesses to a Serious Crime.

A False Entry in the Bank Book Covers Up His Deeds for a Little While.

ROCHESTER, N. Y., May 12—John Love, ex-cashier of the First National bank of Watkins, whose trial was to have taken place in the United States district court here today has pleaded guilty to the indictment charging him with making a false entry in a report to the United States comptroller of the currency in December, 1892. No time has been fixed for passing sentence. Love was a defaulter for over $100,000. He fled to Chicago, but in October, 1894, was brought back to Watkins. He was indicted by the Federal government and was tried on a charge of embezzlement at the last term of United States court and acquitted. He realized that he could not hope to escape some punishment and so decided to plead guilty to a minor count and throw himself on the mercy of the court.

LOSING INTEREST.

Attendance at the Jackson Trial Decreases.

Colonel Crawford Endeavors to Create Sympathy for the Accused.

NEWPORT, Ky., May 12.—There is a diminution in attendance at the Jackson trial today. Colonel Crawford began his argument for the defense and will probably occupy the day, if his voice does not fail him. The line of his defense so far has been to create sympathy for Jackson by dwelling upon the torturing inquisitorial treatment given him by the Cincinnati police after his arrest. He also has tried to show that Will Wood, not Jackson, was responsible for Pearl Bryan's condition.

SALVATIONISTS ON WHEELS.

Bicycle Gospel Brigade to be Organized by Captain Blanche Cox.

WASHINGTON, May 12—The bicycle is to be adopted by the Salvation army. Staff Captain Blanche Cox, who came recently from Chicago to command the army in Delaware, Maryland, Virginia and the District of Columbia, is organizing a bicycle brigade, with which she will travel through the states under her jurisdiction and endeavor to gain as many recruits as possible for the army. Captain Cox is an expert bicyclist, and she said today that if it were possible to find among the host of officers here eight or ten who can ride a bicycle as well as herself she will mount her brigade on bicycles and thus travel through the country. The campaign will last for two months.

RAILROAD SOLD.

The Reorganization Committee Bids It In.

GREEN BAY, Wis., May 12.—At the foreclosure sale of the Green Bay, Winona and St. Paul railway today, the main line of the road was bought by M. T. Cox, of New York, on behalf of the reorganization committee of bondholders for $1,000,000. It extends across Wisconsin, from Green Bay to Eastmore. The Buffalo county branch from Onalska to Lacrosse, was bid in by Cox as an individual for $20,000. The sale was made on the motion of the Farmers' Loan and Trust company, trustees, and conducted by F. M. Hoyt, of Milwaukee. Half a million dollars will be spent in improvements.

Deaths From Cholera.

ALEXANDRIA, May 12—There were twenty-two deaths from cholera reported here yesterday.

GENERAL BLANCO

Will Succeed Weyler if the Latter Resigns.

Liberal Deputies Deny the Right of the United States to Recognize Cuban Belligerency.

MADRID, May 12.—At a meeting of the liberal deputies and senators last evening, Senor Sagasta admitted the difficulties attending the immediate application of reforms to Cuba, and denied the right of the United States to recognize the insurgents as belligerents since, he added, they did nothing but flee before the Spanish troops, burn property and commit murders. Continuing, Senor Sagasta expressed the belief that President Cleveland would not accord belligerent rights to rebels who have no government with a fixed place of residence and who do not hold a fortified position.

Senor Sagasta also promised to support the government in the matter of the expenditures necessary to prosecute the Cuban campaign, and declared that the elections in Madrid and Cuba should be quashed.

The Correspondentcia says it believes that if Captain General Weyler resigns he will be succeeded by General Blanco, governor of the Phillipine islands, who will proceed to Cuba via the Pacific and San Francisco.

A. P. A. MEETING.

The Supreme Council in Session at Washington.

A Big Fight Over the Proposed Blacklisting of McKinley is Anticipated.

WASHINGTON, May 12.—The supreme council of the American Protective association held an informal meeting this morning, the first of the convention. No business was transacted except the appointment of a committee on credentials. This committee at once began making the roll of the council. The morning was spent by delegates in listening to many "fraternal speeches," as they were called, all of them informal. There are now about two hundred delegates on the scene. Every state and territory, with the exception of three, are represented. From Indian territory there are Indian delegates. New England, New York and Pennsylvania have sent the largest delegations. The concensus of opinion among the eastern delegates is that attempts to bring the financial question to the front will be checked. The action of the advisory board in blacklisting McKinley will be opposed by the eastern men.

THE FRENCH PRESS.

Their Comments on the Cuban Question.

PARIS, May 12—The Figaro, referring to the attitude of the United States towards Cuba, says this morning: "The United States authorities, since the outbreak of the revolt, have observed an attitude of defiance toward Spain and support of the insurgents. They ought to consider that Europe will not sanction this mode of action. If the Monroe doctrine permits the Americans to drive the Spaniards from Cuba, it also permits them to turn the French and the British out of their possessions in the Antilles."

The Soleiel, commenting on the same subject, remarks: "The United States has no more right to interfere in the affairs of Spain than to mix themselves up with the affairs of Guadeloupe, Martinique and Guiana. If Spain loses Cuba it will be a terrible blow to European influence in the Antilles."

Stanford Track Team.

PALO ALTO, Cala., May 12—The Stanford track team will go to Chicago to represent California in the western inter-collegiate contests on the sixth of June. Ever since the men made such a good showing in the games with Berkeley they have been urged by their friends to send a team east and after the Berkeley team had given up the idea of going east, the pressure became too great to be withstood. An application has been made for membership in the western inter-collegiate association and on June 1st the team will start for Chicago. It is not yet decided how many of the men will go. This will depend somewhat on the amount of money which can be raised. There will be at least eight in the team and probably more.

Attached Receipts.

ST LOUIS, Mo, May 12.—President Von Der Ahe, of the St. Louis Browns, has attached Baltimore's share of the receipts of Sunday and Monday's ball games, amounting to $2,440, as their proportion of the expenses of fitting up Pendleton park, in Cincinnati, and Athletic park, in Philadelphia, old American association ball grounds. Another change has been made in the Browns' management, President Von Der Ahe taking active charge of the team. Monte Cross was appointed captain.

Punished for Bribery.

NEW YORK, May 12—Ex-Police Captain Edward B. Carpenter pleaded guilty today in the criminal branch of the supreme court to the charge of bribery, and was sentenced to three months in the penitentiary and to pay a fine of $1,500. Carpenter admitted having received a bribe of $1,000 from the Liquor Dealers' association of the Thirty-third district.

Perplexing to the Authorities.

LOGANSPORT, Ind, May 12.—The case of Edward Nesbitt, who has been held in jail here for several months for horse-stealing, is a perplexing one to the authorities. He confessed to the theft when the trial was had, but made a defense on the grounds of insanity. The court has deferred passing sentence in hopes of learning something of the man's former life. His mind is a blank concerning his past history, or the insanity dodge is well simulated. One thing that convinces the authorities that he is concealing something is the fact that he spends considerable time in writing shorthand, an acquirement which is little in keeping with the little he tells of himself.

RACING BEGINS.

Today Ushers in the Season in New York.

The Chief Race Was the Metropolitan Handicap—Henry of Navarre the Favorite.

NEW YORK, May 12.—This is the opening day of the real racing season in New York. The Aqueduct track was opened a week ago, but the actual beginning does not take place until the big tracks are ready.

It is expected that today's attendance will be very large. The feature of the day's sport is the Metropolitan handicap at a mile and a furlong, for which nine horses are on the card, with one or two doubtful. Usually the Brooklyn track has the honor of beginning the year's racing, but the start will be made at Morris park, a wise move, as it is more comfortable there in the spring.

Henry of Navarre will be the favorite today, and Sir Walter and Counter Tenor are likely to be second choices. Navarre has been especially prepared for the metropolitan, and while there are rumors that he will not go to the post they are probably unfounded, as the association will not care to start the races at this track with such a horse scratched from the advertised list of starters. Sir Walter is fit to run for his life, and will not only take up ten pounds less than in former big handicaps, but will have Taral on his back. Counter Tenor is said to have returned to his two year old form, in which case he may do as did Hornpipe last year and get in the first big race of the year. The rest of the lot are not looked upon as dangerous, with the exception of Dorian, who is generally thought to be a pacemaker for Navarre, but who may be sent out for the race through necessity. The track at Morris park will doubtless be a drawback to some of the horses whose legs are not in the best of condition. The first race will be interesting, too, for it will mark the first appearance this year of Hastings, the highest priced two year old in the history of the turf, and in the bands of his old trainer he should do better than he did in the futurity. The other races, with the exception of the last, have filled well and the contests today should be of a high class all the way down the card.

LOCAL LINES.

Makers of Badges and prize medals, Dallas F. Green.

The death of Mrs. Angeline M. Hitzeman, wife of Fred Hitzeman, of Adams township, occurred this morning, from pleurisy. She was sixty-six years old. The funeral will be held at the residence at 2 o'clock Thursday afternoon.

The number of prisoners now confined in the county jail is the smallest in four years. There are at present only about twenty prisoners. This is quite a falling off from the fifty or sixty which was the number in jail during the winter.

Mrs. Caroline Meyer, wife of William Meyer, died at her home two miles east of Hoagland, yesterday evening, aged fifty-five years. Heart failure was the cause of her death. The funeral will be held at the residence at 1 o'clock Thursday afternoon.

It seems not so hard to be endued with the halo of saintship. When Mme. Blavatsky was alive, she was a very fat old woman who did not always tell the truth or keep herself very clean as to her hands or fingers. Moreover, she swore like the army in Flanders. There is no doubt, however, that she had remarkable psychic powers, and she was a capital hand at humbugging and mystifying people. Now that she is dead she is venerated by followers of the theosophist cult as one endowed with divine power. Just so with the late William Q. Judge. When alive, he was a mortal as other mortals are. He had a particularly vindictive temper in the estimation of many who knew him. It was acknowledged that he forged mahatmic messages and pretended they were precipitated out of the air. He made the worst possible breaks in following what he believed to be supernatural directions. He did not have occult power enough to keep him from dying of consumption at a comparatively early age. But after he died, that, too, just like common mortals, the faithful theosophists come now and tell us he was changed over at the age of 7 years and became a mahatma from that time on. He is a mighty devachanic spirit, having all the virtues and graces of angelhood and the power as well. Verily people delight to be gulled.

The most modest person heard of since the lady who wished to put pantalets on her piano has appeared in 1896. He is a man who has invented a pair of monstrous batlike wings to attach to a bicycle, the object being to prevent the ankles of lady bikers from being seen. The bicycle rigged with the bat wings sailing along close to the ground is a spectacle to terrify the gods. By the way, are ankles something to be ashamed of?

IN THE HARNESS.

The New Board of Public Works Has a Meeting.

Much Routine Business Disposed of—Brackenridge Street Pavement Petition Withdrawn.

The new board of public works held its first meeting yesterday afternoon. As stated in THE SENTINEL yesterday, Frank Webber was appointed superintendent of streets, to take the place of Nelson Thompson.

Christian Boseker was granted permission to withdraw the petition for an asphalt pavement on Brackenridge street. There is now no petition on file for the paving of that street.

The location of the fifth drinking fountain was discussed, but no action was taken. A petition has been presented asking that it be placed at the corner of Calhoun and Allen streets.

Augustin Lauer was granted permission to build a sidewalk by private contract in front of his property on Hanna street.

Jacob Hess, driver of one of the garbage wagons, stated in a communication to the board that he could not gather all the garbage in the territory for which he took a contract. He says the territory is too large. No action was taken.

A. H. Bittenger was granted permission to lay a private sidewalk on Hench street.

Fred Lynch filed a complaint that John McMullen was blocking Monroe street with some lumber piles.

Applications were received and filed as follows: From John Gray for appointment as superintendent of streets; John A. Nix superintendent of crematory; Tom H. Duffy assistant superintendent of crematory.

The clerk was instructed to order three car loads of cedar blocks at 25c per square yard.

The new boards met at the city hall yesterday afternoon and proceeded with their organization and the transaction of business.

The water works trustees elected William Bittler, the oldest member, chairman. The policy of the board was talked over, but nothing was given out for publication about what they decided upon.

The board of public safety met and elected Hon. Charles McCulloch president and Mr. A. I. Friend secretary. After ratifying the appointment of H. A. Gorsline as superintendent of police the board adjourned to meet again tomorrow night.

William Freund, who was assistant superintendent of parks, tendered his resignation yesterday and accepted a position as florist at the feeble minded institute.

Superintendent of Police Gorsline went right to work in his office yesterday as soon as he had been sworn in. Last night at roll call he made a little speech to the men.

CREATED A SENSATION.

Retires From the Presbyterian Church of the United States.

ST. LOUIS, Mo., May 12.—After hearing the report of its investigating committee as to the finances of the Grace Presbyterian church, the St. Louis presbytery last night severed the relations between it and its pastor, Rev. J. Mulholland who was recently removed by his parishioners because of an alleged attempt to defraud them out of $25,000, due as insurance on their burned church. Mr. Mulholland then caused a sensation by presenting his resignation, not only from the St. Louis presbytery but from the Presbyterian church of the United States.

Badly Burned.

COLUMBUS, Ohio, May 12—During a storm yesterday a falling tree slightly displaced and made a hole in the gas tank of the state school for feeble minded youth. At 1 a. m. today men from the city, who move safes, were replacing the tank in position. They supposed the gas had all escaped, but ignition caused by lanterns resulted in the burning of Dr. G. A. Doren, who has been superintendent almost forty years; Theodore Lentz, chief engineer; Robert Joiner, Geo. Churchman, Wm. Banks and Thomas Hunt, expert laborers. Superintendent Doren and Engineer Lentz are badly, but not critically burned about the face, hands and neck. Hunt is believed to have been fatally burned. The others are badly burned.

Alleged Alienation of Affections.

LOGANSPORT, Ind, May 12—The $5,000 damage suit of Charles Rodgers against William Hollis went to trial in the circuit court of Cass county. Rodgers alleges that Hollis alienated his wife's affections. Both are prosperous farmers, and the sensational features of the case have attracted attention. The men had a personal encounter a short time ago, in which both were wounded in a struggle for the possession of a revolver which had been drawn by one of them during the fight.

Police Enforcing the Law.

ANDERSON, Ind., May 12—The police had a hard day's work Sunday watching saloons, and the night patrolmen continued day service without rest. A show company in town made extra work for the officers, who recently began to make this a "dry" town on Sunday. All the ministers in the city preached on temperance and Sabbath desecration, and complimented the officers. Captain Coburn resented an insult from one man arrested, and the captain was himself arrested on a charge of assault and battery.

Hancock's Statue.

WASHINGTON, May 12—With imposing ceremonies the heroic equestrian statue of Maj. Gen. Winfield Scott Hancock was unveiled here this afternoon before an immense gathering, which included President Cleveland, Vice President Stevenson and representatives of the supreme court, the diplomatic corps, both bodies of congress and army veterans and colleagues of the late general. The unveiling was preceded by a military demonstration.

SUICIDE IDENTIFIED.

Brooded Over the Loss of Two Children

Until Her Mental Powers Broke Down and Then Took Her Own Life.

NEW YORK, May 12.—The mystery of the woman who committed suicide at the Colonade hotel in this city Friday evening, after having carefully destroyed all that would indicate her identity, has been solved. Charles H. Biller, a bookkeeper in the office of the Western Union Telegraph company, in this city, identified the body today as that of his wife, Julia A. Biller. Mr. and Mrs. Biller lived in Newark, N. J. The woman was about thirty-one years of age. Mrs. Biller disappeared from her home six weeks ago, leaving no clue as to her intentions. Search was made for her, but without avail, until today. Mr. Biller thinks his wife was insane. They had lost two children, and over that bereavement the mother had brooded for a long time. She was sent to Germany to visit her husband's parents, but returned no more cheerful than she was when she went away. She was a graduate of Vassar college and a woman of exemplary character.

FOREST FIRES

Continue to Destroy Vast Tracts of Timber.

Rain Comes to the Rescue of Michigan, But Pennsylvania Still at the Mercy of Fire.

CLEARFIELD, Pa., May 12—Forest fires are still raging throughout Clearfield county, and without rain but little relief can be expected. On account of the extent of the destruction an estimate of the loss cannot be made.

A large force of men left here last night to fight fires on Clearfield Lumber company property in Boggs and Knox townships. Six miles from Clearfield, the village of Shawsville, which is surrounded by heavy timber, narrowly escaped destruction. Between Shawsville and Winterburne, a distance of twenty miles, there is an unbroken line of fire.

HOUGHTON, Mich., May 12—Heavy rain fell for five hours last night, effectually quenching forest fires which had been burning for the past week at a number of points, and which have caused great destruction. The loss by fires of the past week on the southern shore of Lake Superior between Duluth and Saul Ste Marie will reach fully a million dollars.

OBSTRUCTING TRACKS.

Strikers Fall Shade Trees on Street Car Lines.

The Milwaukee Strike Ending in Defeat for the Employes—Importing Motormen.

MILWAUKEE, Wis., May 12.—The street railway company is today running cars on all but two lines. There are obstructions on the track of the Russell avenue line and on the line to Merrill park. Trees were felled across the track in Merrill park. The company has notified the board of public works to clear its tracks so that it can operate its lines. About 130 cars are now in operation, and there is so little disturbance that some of the cars are without police officers. Sixty-four experienced motormen from Grand Rapids have been engaged by the company.

SAME OLD OFFICERS.

Citizens' Street Car Company Holds an Election.

R. T. McDonald, One of the Big Stockholders, Does Not Interpose Objections.

INDIANAPOLIS, May 12.—The Citizens' Street Railroad company at its annual meeting today re-elected the old management and all of the old directors except Dr. Henry Jameson, of this city. Franklin Dundore, of Philadelphia, succeeds him. Most of the stock is held in Philadelphia. R. T. McDonald, of Fort Wayne, who has figured conspicuously as a stockholder, did not show his hand. Several new stockholders appeared. It is understood that the company is willing to acquiesce in the new city company franchise if terms can be agreed upon.

Mrs. W. E. Doud, of 228 West Washington street, was driving home from a visit across the Ohio line yesterday when she saw something that has not been seen in this country for many a day. About a mile south of New Haven she found a field of rye that had already been harvested and placed in the shock. The cutting had been done last Saturday. This is so early that the fact is all the more remarkable. It is also true that everything is more advanced in growth than at the same time last year. Roses which were in bloom last year about the fifth of June have already blossomed forth and are loaded with sweet flowers.

AN OPEN SUNDAY

But It Will Never Happen Again,

So Says Mayor Scherer, in an Interview.

Saloons Who Violate the 11 O'clock and Sunday Laws Are to be Vigorously Prosecuted.

A SENTINEL reporter interviewed Mayor Scherer this morning in regard to the action of the city administration with reference to the fact that many of the saloons throughout the city were open last Sunday, the first Sunday under the new administration. A number of saloons did business that day and the matter has been reported to the officials and Prosecutor Doughman has taken the matter in hand and will prepare for prosecutions.

"I suppose, Mr. Scherer," said the reporter, "that you are aware of the fact that a number of saloons in the city kept open and did business last Sunday, are you not?"

"Yes," the mayor replied, "I heard of it, and Prosecutor Doughman is looking up the matter and will prosecute every one against whom sufficient evidence can be obtained."

"Did the information about the open saloons on Sunday come direct to you?"

"No. I received it from the superintendent of police. He said the cases had been reported to him. I do not know what evidence can be obtained, but the prosecutor is attending to that."

"Are you also aware, Mr. Scherer, that some of the saloons do not close up at 11 o'clock at night?"

"No, I have not heard of that. If they keep open after 11 o'clock, however, they will be prosecuted."

"What is to be your policy with reference to the enforcement of the liquor laws requiring saloons to close at 11 o'clock and on Sundays?"

"The laws will be strictly enforced," replied Mayor Scherer. "The saloons will not be allowed to run during unlawful hours. I intend to keep up the department in that particular just the same as it has been in the past."

"Do you intend to give the police positive instructions for the enforcement of this law?"

"Yes, sir. Just as soon as we get thoroughly organized and in good working order I shall do so, and the law will be strictly enforced. I have had so much to do in my office, and am still so busy that I cannot do everything at once. I am just now busily preparing for council meeting tonight."

"Will you continue officers in citizens' clothes whose duty shall be to see to the enforcement of this law?"

"Yes, I will, but I do not wish any names mentioned now so that people will know who they are."

"How about the detective force?"

"I understand there is but one detective in the police department now, but I intend to increase the number to three. Detectives can do much good."

"What will by your policy with reference to Sunday base ball?"

"I understand a game was played last Sunday, but I do not believe they will play any more. I have not yet had a meeting with the board and can hardly say anything about it."

"Then you do not want to state your position until after you have talked with the board?"

"Oh, well, the board has nothing to say about it, in fact, but I wish to talk with them."

"It is also reported that there are to be Sunday night performances at the Empire theatre."

"They cannot have them," replied the mayor quickly and firmly. "They cannot have theatrical performances on Sunday."

As the reporter left Mayor Scherer's office about a dozen office hunters tried to get in at once. Each apparently wanted to be the first, but the mayor received them one at a time in the most courteous manner.

MARRIED TODAY.

Miss Addie T. Rayhouser and Charles E. Wright.

This afternoon at 4 o'clock, at the residence of Rev. and Mrs. T. E. Covington, 41 Heustis avenue, occurred the marriage of Miss Addie T. Rayhouser and Charles E. Wright. The ceremony was performed by Rev. Dr. Henry W. Bennett, the pastor of the Wayne Street M. E. church, in the presence of twenty-five or thirty guests, relatives and friends of the bride and groom.

The newly married couple will leave on the 6:30 Wabash train this evening for Springfield, Ill., where they will immediately go to housekeeping, at No. 942 South Fourth street, in that city.

The bride is an accomplished young lady and is well known here. The groom was formerly clerk in the Wabash offices in this city, but is now holding a responsible position with the same company at Springfield, Ill. Both are popular young people and have a large circle of friends in this city.

General Lew Wallace and Hon. James A. Mount Will be in Attendance.

SOUTH BEND, Ind., May 12.—The influx of visitors to the seventeenth annual encampment of the Indiana department, G. A. R., began this afternoon, and by tomorrow noon the city will be crowded. The city is already profusely decorated and arches and flags are now the most conspicuous objects in town. An immense camp fire and reception will be an important feature this evening. A telegram just received from General Lew Wallace, of Crawfordsville, Ind., says he and Hon. James A. Mount will be here tomorrow. Mr. Mount is the republican nominee for governor of Indiana.

The Horticultural society held a meeting at the city hall last night. The principal paper of the meeting was read by William Freund, ex-assistant superintendent of parks, his subject being "Bedding Plants." M.; Deborah lodge No. 110, D. of R.; Columbian Council No. 3, Order of Chosen Friends; Robin Hood lodge No. 248, Sons of St. George.

THE new city council will meet tonight for the first time.

THE boom of Governor Matthews for president is moving right along and it looks now as if he would be nominated by the democracy at Chicago.

THE reports of the condition of the national banks of our city were published in THE SENTINEL yesterday and it affords us pleasure to say that they are among the most solid and reliable monied institutions of the nation.

EVERYTHING seems to indicate that McKinley will be nominated at the St. Louis convention, but there may be a vest pocket vote that has not been taken into account in the estimates.

ACCORDING to Dr. Oliver Wendell Holmes, the human race is divided into two classes—those who go ahead and do something and those who sit around and inquire why it isn't done the other way.

SENATOR DUBOIS, of Idaho, announces that if the republicans nominate "a gold bug or straddle candidate" he will bolt the convention. Dubois may as well begin to bolt now, for it looks very much as if this is just what the republicans will do.

IN view of the hot weather already had this year it may be consoling to recall before the summer in Fort Wayne is over that the human system can stand up under 212 degrees of heat, and that men have stood without injury, 300 degrees for several minutes.

THE republican politicians are now casting about for a running mate for McKinley, as the latter's nomination is now conceded by nearly all. It is claimed that New York is willing to name the vice president. Warner Miller, General Tracy and Lieutenant Governor Saxton are mentioned.

THERE is a good deal of inquiry from the east and from the west as to what position the democratic party of Indiana will likely take on the money question. The best informed representatives of the party are answering these inquiries at this time by saying it is impossible to foretell what will be the result of the contest that is being waged between the two wings of the party in the state. The impression prevails that the free coinage people are better organized than the sound money people. In fact, the sound money people have no organization at all outside of the state committee, which is not making an active campaign in the interest of sound money.

The Girls in the Lead.

In the graduating class of the Fort Wayne High school this year, Dr. John S. Irwin, the city superintendent, tells THE SENTINEL, there are twenty-one girls and only eight boys. This disparity in the sexes in regard to the number who complete the regular prescribed course in our public schools is no uncommon occurrence. Indeed, it is greater some years than it is this and it has been the rule for years that the girl graduates far outnumber the boys. It does not follow from this, however, that there is a corresponding disparity in the census of Fort Wayne. The women may have a little the best of it, but the majority is nothing like as great as would seem to be indicated by the record of school graduates.

This numerical inequality, which is noted each year, is due to the fact that the boys, after going to school long enough to gain a fair knowledge of the rudimentary branches, strike out into the world to find opportunities for earning a livelihood. They complete their education in the school of experience. The girls remain in school, finish the course, and graduate, while the boys are hustling for a living. Of course, it would be better if our boys could remain at their school studies until they have mastered the regular course, because knowledge is power and it will help them along wonderfully in the struggle of life. But it is much better than if this disparity in the sexes in the matter of gaining an education were reversed. The girls can make better use of a thorough school training than the boys, or at least they could not spare this equipment so easily.

The girl is mother to the woman, and it is to the woman that the training of both the boys and girls is committed. Every good woman is, in a sense, a teacher, and the greater the measure of her intelligence the greater will be her power for good. It would be pleasant and satisfactory to see the graduating classes of the Fort Wayne schools made up of more young men, but the thought is inspiring that the cause of education will be carried on and do its work through the cultured women who are being sent out every year from our schools and colleges. It is a pleasure to hear the boys deliver their commencement orations, but the spectacle of the "sweet girl graduate," with her snowy robes and her "flowery" essay, will continue to make glad the hearts of the friends of our schools on graduation day.

BACKACHE.

A Very Significant Indication of Organic Derangement.

The back, "the mainspring of woman's organism," quickly calls attention to trouble by aching. It tells with other symptoms, such as nervousness, headache, pains in loins, and weight in lower part of body, blues and "all gone" feeling, that nature requires assistance, and at once. Lydia E. Pinkham's Vegetable Compound for twenty years has been the one and only effective remedy in such cases. It speedily removes the cause and effectually restores the organs to a healthy and normal condition. Mrs. Pinkham cheerfully answers all letters from ailing women who require advice, without charge. Thousands of cases like this are recorded.

"I have taken one-half dozen bottles of Lydia E. Pinkham's Vegetable Compound, and it has relieved me from all pain. I cannot tell you the agony I endured for years; pains in my back (Oh, the backache was dreadful!) and bearing-down pains in the abdomen extending down into my limbs; headache and nausea, and very painful menstruations. I had grown very thin, a mere shadow of my former self. Now I am without a single pain and am gaining in flesh rapidly."—MATTIE GLENN, 1561 Dudley St., Cincinnati,

THREE STRAIGHTS.

Saginaw Drops Them to the Fort Wayne Colts.

Yesterday's Score Was 12 to 5—The Colts Now Make a Trip Through Michigan.

	Played.	Won.	Lost.	Per ct.
Fort Wayne	9	7	2	.778
Toledo	9	6	3	.667
Newcastle	7	4	3	.571
Wheeling	7	4	3	.571
Washington	7	4	3	.571
Jackson	9	4	5	.444
Youngstown	7	2	5	.286
Saginaw	9	1	8	.111

Fort Wayne made it three straights by winning yesterday's game from the Saginaw lumbermen. The score was 12 to 5, Carrick and O'Meara were in the points for Fort Wayne and Rutherford and Smith, the latter a Fort Wayne boy, for Saginaw. Not a great many hits were made by anybody, but the game was won on errors. The feature of the game was the home run hit made by Lynch, who sent the ball through a hole in the center field fence. By doing this he earned a new hat. Friend's Enterprise clothig house has offered a new hat to all Fort Wayne players who make home runs. Blake made one in Sunday's game and this one of Lynch's is the second.

Fort Wayne is now in first place in the league with a good lead. They go to Jackson tonight to argue the case with the Jackson team on their own grounds, and then they go to Saginaw to do the same with the lumbermen. When the colts return they will meet Toledo in this city for three games, and then they go east for a series of twelve games with the eastern clubs. Captain Tebeau's men have a hard row before them and if they return home with the first place still in their pockets it will be because they have played ball of the best classs.

The score yesterday was as follows:

INNINGS	1	2	3	4	5	6	7	8	9	R.	H.	E
Fort Wayne	0	2	3	0	0	0	4	2	1	12	13	6
Saginaw	2	0	1	0	0	0	0	1	1	5	11	6

Earned runs—Fort Wayne, 5. Two-base hits—Tebeau, Knell. Three-base hit—Grey. Home run—Lynch. Stolen bases—Grey, Blake, Tebeau 4, Criger, Hemphill, Snyder. Bases on balls—Off Carrick, 5; of Rutherford, 4. Hit by pitcher—By Carrick, 2. Passed ball—Smith.—Struck out—By Carrick, 5; by Rutherford, 6. Time—2:00. Umpire—Popkay.

TEST TO COME.

Youngstown Vindicator: "The true test of strength will be when the east and west get together. Then the Fort Wayne "farmers" and the Toledos will be shown the difference in the national game as played in the effete east as compared to the cold and chilly northwest. Then the games will be truly for "blud."

THE FORTNIGHTLY.

A Magnificent Banquet Was Given Last Night.

The ladies of the Fortnightly club gave a banquet at the Wayne hotel last night in honor of the gentlemen of the club. The dining hall was a beautifully decorated place and the tables were magnificent. Forty-five guests were present. The menu was as follows:

Puff Potatoes.
Orange Punch.
Fillet of Beef, Larded. Mushrooms.
Creamed Potatoes. Green Peas.
Salted Almonds. Bon Bons.
Tomato Mayonnaise.
Meringue Panaches. Assorted Cake.
Crackers and Cheese.
Coffee.

The following were the toasts:

Welcome All—Mrs. Moffat.
"Sit down and feed and welcome to our table." —As You Like It
Our Husbands—God Bless 'Em!—Mrs. R. S. Taylor.
"Ye lords of ladies intellectual."
—Expurgated fragment from Byron.
A Mayonnaise Dressing—Miss Belle Clark.
"Such stuff as dreams are made of."
—The Tempest.
Mrs. H. Ninde.
"Oh she will sing the savageness out of a bear."
—Othello.
The Children—Mrs. Freeman.
"They're young and tender."
—Almost From Little Willie.
Our Village—Mrs. Dr. Myers.
"The one green spot on earth."
—Anon
The Club Hearthstone—Mrs. Lane.
"At thy birth
The fairy ladies danced upon the hearth."
—Milton
Man—What Shall She do With Him—Mrs. M. E. Woodward.
First Slave—"Prythee, fellow, tell me, doth the lady jest?"
Second Slave—"Ay, sir, but her jest is more serious than a fool's tragedy."
—Old Play.
Auf Wiedersehen—Miss M. McPhail.
"We only part to meet again."
—Gay.
Volunteer Toasts.
"Something that's brief."
—Othello.

Mrs. D. W. Moffat acted as toast mistress. After the regular program had been finished, impromptu toasts were responded to by numerous gentlemen.

No trace of the family of James H. Wilson, who died in the hospital at Columbus with nearly $10 090 strapped to his person, has so far been found. Investigation shows that he was formerly in business at Pomeroy, Ohio, and that he was born in St Clair, Ohio, where he once conducted a tannery. Besides property previously mentioned, which included a farm, he owned two sawmills in Brown county and much lumber. If no relatives are found his estate will be turned over to the state.

A peculiar case presented itself last week to the classis of the German Reformed church of southern Indiana. The classis loaned $3 500 to the Second Reformed church of Evansville, which has since seceded and joined another denomination. Meanwhile the first mortgage has been foreclosed, and, as the church is without money, there seems no way for the classis to recover the amount originally loaned.

F. A. Hitchcock has resigned his position at the Pittsburg freight office, and will accept a similar one with the Erie Railway company at Chicago.

DELIGHTFUL BANQUET

Held by the Order of Lincoln at Randall Hotel,

After the Institution of the Lodge in This City and the Election of Officers.

In a most auspicious and certainly in a most enjoyable manner the Fort Wayne lodge of the Order of Lincoln was instituted in this city last evening with a membership which has on its roll some of our best known and most influential citizens.

The order is one which was formed recently and was incorporated last November at Indianapolis. Its object is to perpetuate the memory of Abraham Lincoln by authenticating and verifying incidents told of the great man, to erect and care for monuments and tablets erected to his memory, and to inculcate among the people the lessons of patriotism and true greatness, of which his life was the exponent.

Its features are patriotic, social and protective and will have a rapid extension in membership throughout all the states. The following are the supreme officers of the order:

Supreme Ex President—Col. Phil Dickinson, Fort Wayne.

Supreme President—Gen. James A. Carnahan, Indianapolis.

Supreme Vice President—Judge R. W. McBride, Indianapolis.

Supreme Secretary—W. F. Baxter, Fort Wayne.

Supreme Treasurer—Frank Bowers, Indianapolis.

Supreme Surgeon—Major E L Siver, Fort Wayne.

Supreme Auditor General—James B. Harper, Fort Wayne.

Supreme Historian—Hon. Jesse W. Weik, Greencastle.

Supreme Attorney General—Ex-Mayor Caleb S Denny, Indianapolis.

Supreme Messenger—Gen. James R Ross.

The lodge in this city last night was instituted at Harmony hall with a membership of nearly one hundred. Supreme Secretary W. F. Baxter conducted the ceremonies of organization, after which the following officers were elected:

Ex-President—James M. Barrett.
President—Paul B. Mossman.
Vice President—A. L. Randall.
Secretary—E. R. Gesaman.
Treasurer—Charles A. Wilding.
Lecturer—W. F. Schrader.
Chaplain—W. F. McCaughey.
Auditor—J. Ross McCulloch.
Messenger—R. E. Gerberding.
Assistant Messenger—Charles Yagerlehner.
Inner Guard—Harry Achenbach.
Outer Guard—J. F. Schell.
Trustees—A. L Johns, C. E Graves, P. A. Randall.

After the completion of the business of the order at their hall, the members repaired to the Randall hotel, where a banquet was held. Landlord Townsend had arranged the long row of tables in his cool and pleasant dining hall. The tables were beautifully decorated with potted plants and ferns, and a large bust of Lincoln stood in the center. The menu was elaborate and while the forty guests were discussing it the Schubert Mandolin club discoursed music. After the completion of this part of the evening's pleasures, which began at 10:30 o'clock, a literary program was carried out and the character of Lincoln told in the toasts which were responded to by distinguished members of the order. The banquet lasted until after the midnight hours.

James B Harper officiated as toastmaster, and the following toasts were given and responded to:

"Lincoln, the Orator—Gen. J. B. Carnahan, Indianapolis.

"Lincoln, the Man"—The Hon. Jesse W. Weik, Greencastle.

"Lincoln, the Humanitarian"—The Rev. J. S. Ainslie.

"Lincoln," a Reading—Dr. W. F. Schrader.

"Lincoln, Personal Recollections"—The Hon. Charles McCulloch.

The speeches were gems of after dinner oratory and each one of them was replete with a narration of those wonderful qualities of heart and mind which made Abraham Lincoln truly great. General Carnahan and Hon. Jesse Weik were the two visiting guests who spoke, and their efforts were excellent and well received. Rev. Ainslie and Mr. McCulloch were forcible and interesting in what they had to say of Lincoln, and, as Mr. McCulloch had a personal acquaintance with the martyred president, his remarks were especially interesting. Mr. Harper, as toastmaster, acquitted himself creditably in that position and the banquet was voted a grand success, Landlord Townsend doing everything in his power to contrbute to the entertainment of his guests.

THE NEW WOMAN.

How She Appeared to a Long Row of Old Family Portraits.

She picked up the fencing foils and ran up the stairs two at a time, through the picture gallery, into the gymnasium. She wore a white woolen sweater and crimson bloomers. Her eyes sparkled with health; her skin was as smooth and fair as a rose leaf. The family portraits, every last man of them, craned their necks to get another look at her. Spanish explorer, French marquis, Dutch settler, Cromwell's sober Roundhead, early Puritan, latter day Yankee, handsome Indian chief—for, alas, the proud family had known one misalliance—all were eager to stare at the lovely vision.

Dutchman—What is that which just passed through?

Roundhead—It should be a man by the garb, but the outlines were those of a woman.

Frenchman—St. Denis aid me, but she was fair to look upon! Marked you her trim ankles?

Spaniard—I beheld more than ankles. To me she seemed some bold matadore ready for the fight. I say she violates etiquette in attiring herself thus.

Puritan—'Tis Monday of the week. Why bendeth she not over the family washtub?

Roundhead—Who prepareth the noontide meal?

Indian—The chief's wampum goes unstrung.

Dutchman—She should be on her knees scouring the kitchen floor. How have such things come about?

Yankee—I have heard bits of talk as people pass. I always keep my eyes open. It seems that women have become completely changed. They now rebel against tradition and scorn St. Paul. It is whispered that they have blotted out the word "obey" from the marriage service. (Universal groan.)

Roundhead—Oh, forward and perverse! Oh, generation of vipers!

Frenchman—The little serpents are lovely as angels.

Yankee—They join clubs; they read the papers; they deride the laws which we have made to govern them.

Spaniard—Horrible! Where are their duennas?

Yankee—The duennas are the worst of the lot. They began it, wearing their hair short and clamoring for emancipation. In some states the women now go to the polls and vote.

Roundhead—Hussies!

Puritan—I would put them in the stocks. I would duck them in running water. I would brand their shameless foreheads.

Yankee—They deck themselves gayly.

Frenchman—That they ever did. 'Tis no crime they would be beautiful in our eyes.

Yankee—They consider fields and buy them. They plant vineyards. They take up claims.

Indian—Ugh! Heap fool business. Who carries the wigwam? Who skins the deer? Who hoes the corn?

Yankee—Not that fair squaw in the gymnasium putting on grace and muscle. The brave hoes the corn, or there wouldn't be a kernel in the land.

Indian—Glad I'm a good dead Injun.

Spaniard—What is her object in doing these scandalous, these unlicensed things?

Yankee—Why, they say they have been downtrodden and oppressed for ages by brute man; haven't had a fair chance. They even declare the Lord created them the equals of us.

Roundhead—Jezebels! The Lord made them subject to us in all things as weaker vessels. I would keep them down with a heavy hand.

Yankee—Your day has passed. What could you do with that compound of fire and steel in yonder? She would fight. She would run you through with her sword.

Spaniard (thoughtfully)—The Maid of Sargossa. I heard of her after my time.

Yankee—She boxes; she rides strange machines through the highways; she drives four horses; she drills like a soldier; she knows no fear.

Frenchman—Joan of Arc—St. Joan!

Dutchman—There were such at Leyden and at Sluys.

Yankee—She dances all night; she hunts and swims; she wheedles her old father.

Indian—Pocahontas again.

Yankee—She studies Greek and medicine; she slums; she visits the sick in hospitals. You will find her on the battlefield before the smoke has cleared away.

Roundhead (respectfully)—Florence Nightingale. She was not of the Stuarts' reign; she came later.

Yankee—Strong, healthy, earnest, gay, sympathetic, full of fads, she laughs, weeps, sings, flirts—

Frenchman—Ah!

Yankee—Works and plays. She rules the world with a rod of iron. Men call her the new woman.

Roundhead—She is a mystery. I give her up.

Yankee—I never will.

Frenchman—Other times, other manners. Let her be what she will, I suppose she still can love.

Yankee—New as she is, she is as old as Eve. A warm heart beats under that sweater.

Dutchman—It takes an idea some time to penetrate my head, but I have been thinking that maybe we are all responsible for her. In Holland women fought and starved and drowned along with the best of us when we drove out Alva's hordes, and they never complained.

Spaniard—Isabella and Columbus.

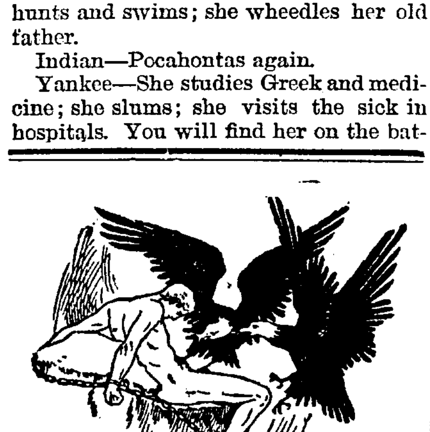
Frenchman—We Frenchmen have always let them set their dainty feet on our necks.

Roundhead—Magna Charta and the roast beef of old England.

Indian—Fresh air and a free life.

Puritan — Strength through endurance.

Yankee—The Declaration of Independence. Three cheers for the new woman! Hush; here she comes, the darling!—Chicago Times-Herald.



The old story of Prometheus is a parable, an allegory. Prometheus was on terms of intimacy with the gods. From them he stole fire, and gave it to men. For this sin he was bound to the rocks of Mount Caucasus, and vultures were set upon him. They only ate his liver. This grew again as fast as it was pecked away. Are his sufferings to be imagined? Yes, and realized.

Take a modern interpretation of the parable. There is no cooking without fire. In cooking and eating the mischief lies. The stomach is overtasked, the bowels become clogged, they cannot dispose of the food that is given them. The impurities back up on the liver. Then come the vultures. The sufferings from an outside, visible hurt, are a mere pin-scratch to the torments of a diseased liver.

But, moderns are ahead of the ancients. There is a sequel to the old story. Dr. Pierce is the author. His "Golden Medical Discovery" is more than equal to the vultures of dyspepsia and its kindred diseases. Every atom of the "Discovery" is an active agent against disease. It flies like a ferret, wherever it is sent. It is as sure as the needle of the compass. There is no more need of suffering from dyspepsia than there is of hanging one's self.

Mr. W. ROGERS, of *507 Grayson St., Louisville, Ky.* has this to say for himself and the "Golden Medical Discovery": "I was a dyspeptic. I had not had a comfortable night in six years. I have taken three bottles of Dr. Pierce's Golden Medical Discovery. I am now fifty years old. I feel thirty years younger." Yours truly.

TIRED OF ESSAYS.

Vassar Girls Ask For a Change of Programme at Commencement.

The senior class of Vassar college has petitioned the college faculty to substitute for the usual commencement exercises an address by some well known educator. The exercises have consisted heretofore of the reading of essays by six or eight graduates chosen from the honor list, a short address by the president of the college and the conferring of the degrees.

The students maintain that the reading of essays by the members of the graduating class is uninteresting and of no educational value. The essays rarely show any originality. They are little more than the result of careful reading. They are seldom of interest to any except the friends of the graduate.

The students ask that a lecture on some subject of educational interest be given by a member of the college faculty or board of trustees or by somebody else of equal qualifications. They say that the commencement exercises would gain in interest and in direct educational value by the change.—New York Sun.

Novel Bicycling.

Bicyclists in some parts of northern Michigan had a novel experience last week. The snow was well over the tops of the fences, and so thick a crust was formed on it that the bicyclists were able for a week or more to ride their wheels across lots.—New York Sun.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials. Address, F. J. FAST FREIGHT RUN.

Engineer Frank Telley Breaks the Record.

Grand Rapids Railway Bridges Being Inspected—Local and Personal Gossip.

Frank H. Telley, of the Nickel Plate, is credited with making the best freight run ever made on that line. Sunday afternoon at 2:20 o'clock he left Stony Island with twenty-five refrigerator cars loaded with dressed beef and pulled into the yards in this city at 8:30 o'clock, covering the distance of 137 miles in six hours and ten minutes, including forty minutes dead time for railway crossings and other purposes. The run was made with one tank of coal, something which railway men regard as phenomenal, as it is customary to "coal up" all heavily loaded freight trains at some intermediate station between this city and Stony Island. The engine which made this phenomenal run is No. 92, an exact counterpart of the Erie engine, which became famous for fast runs during the world's fair. It was designed by John McKenzie, superintendent of motive power of the Nickel Plate, for the fast freight service, and it has sixty two inch drive wheels and cylinders eighteen by twenty-four inches. Faster freight runs have been recorded, but they were not made with anything near as heavy a train as the one brought down from Chicago on this occasion. The beef on the train was consigned to London and it was necessary to get it into Boston today, where a steamer awaits its arrival to convey it across the ocean.

PASSENGER AGENTS' MEETING.

An Associated Press dispatch from San Francisco reads as follows: "The general passenger agents of nearly all the trans continental lines are hurrying westward to attend the meeting of the Trans Continental Passenger association, in this city, tomorrow. This will be the first meeting of the association in San Francisco and the event is attracting great interest in local railway circles. The demand of the Southern Pacific and the Canadian Pacific for a differential on business out of this territory is a matter which promises to be debated at great length."

BRIDGE INSPECTION TOUR.

Supt. P. S O'Rourke and Mr. Ives a bridge expert from the east, this morning commenced a bridge inspection tour of the Grand Rapids and Indiana road. They went south on a special train, leaving this city at 8:30 o'clock, to inspect the Richmond division. Then they will treat the Grand Rapids division in a similar manner.

Robert Pitcairn, general superintendent of the Pennsylvania lines east, last week celebrated his sixtieth birthday and was the recipient of several appropriate presents.

A. Z. Polhamus, superintendent of agencies of S. F. Bowser & Co., went east last night to be gone for two weeks, looking after the company's agents in that locality.

George W. Prescott, who recently resigned as superintendent of motive power of the Vandalia, has been placed at the head of the Novelty iron works at Dixon, Ill.

William Cutler, shop foreman at the Standard Wheel works, has gone to St. Joseph hospital to have a tumor removed from one of his legs. He expects to be out again in a week.

On Wednesday the limited express on the Pendsylvania road, consisting of seven cars, all Pullman but one, was hauled from Harrisburg to Elizabethtown, 18.5 miles, in sixteen minutes.

John Eylenburg, the Western Union telegrapher at the Pittsburg depot, came home last night from Bucyrus, Ohio, where he attended the funeral of Mrs. Meyers, mother of Mrs. Eylenburg.

Mrs. Ernest H. Sauerwine, widow of the Lake Shore shopman whose shocking death occurred some months ago, has returned to the city and is stopping with her brother, in the south part of the city.

Fred Thorp, of the Pennsylvania dispatchers' office, took five fine bass out of the St. Joe river, at the stone wall, between 5 and 7 o'clock this morning. The combined weight of the catch was seven and one-half pounds.

It is stated that the Lake Erie and Western will become a member of the Joint Traffic Association. For some months the trunk line presidents have been laboring with the Brice people to induce them to take such steps.

W. A. Simpson Sloan, vice president of the Delaware, Lackawanna and Western railroad, died at New York yesterday, from a protracted illness. He was the son of Samuel Sloan, president of the Lackawanna railroad, and was born in 1858

J. Eggemann, a Nickel Plate brakeman, who was sick several days, is again able to work. Brakeman R. W. Springer, of the same road, also reported for duty yesterday. He was taking a vacation to entertain his uncle.

Mr. and Mrs. Christian Beck, who were the guests of Mr. and Mrs. Henry Geye, of 424 East Wayne street, left for their home in Huntington last night. The couple were recently married and have just completed a wedding tour. Mr. Beck is a fireman on the Chicago and Erie road.

With the taking effect of the summer time table the Pennsylvania company will put on a new train between New York and Chicago, using the Pittsburg, Fort Wayne and Chicago west of Pittsburg. It will be called the Philadelphia and Chicago special.

The Pennsylvania company has under consideration the purchase of one hundred acres of ground at Logansport, which would embrace the Hamilton water power property. That the Pennsylvania company has in view making some extensive improvements at Logansport is very apparent.

Joseph Bracht, the well known Nickel Plate engineer, returned from Hot Springs, Ark., yesterday and will at once resume his duties on the road. Mr. Bracht has been a great sufferer from rheumatism for some time and for two months was taking treatment at the springs. He came home entirely cured.

The financial situation is now such that the owners of the Valley terminals at Cleveland, O., have decided to defer contemplated improvements for which $6,000,000 of bonds were issued, the Baltimore and Ohio guaranteeing the interest. Eventually the plans regarding terminals of the Valley company at Cleveland will be carried out.

STATE NEWS.

Christian Hipp, three times elected councilman at Wabash, and who was a candidate for re election, and was defeated on Tuesday last, has announced his disgust for the democracy and joined the republicans.

John Williams, an old farmer near Waterloo, was called to his door after night by the information that his grandchild was dying. He was then struck with a sledge hammer, disabled and robbed of considerable money.

Frank Slusser, thirteen years old, of Terre Haute, tried to save his little friend, Harry Baird, who was drowning in the Wabash river, and both were carried down. Baird was rescued by Harry Hossler, who rode into the water on horseback, but he was unable to relieve Slusser.

Sylvester Lacy, of Columbus, a pensioner, cashed his check, and, while intoxicated, made a showing of his money. En route home he was attacked by a highwaymen, who used him dangerously and robbed him. After reaching home, Lacy lapsed into unconsciousness.

John Ruschenbach, near Stillwell, was attacked by a maddened boar, who knocked him down and used his tusk with terrible force. One of the blows caught Rauschenbach in the left wrist, tearing its way through muscle and flesh half way to the elbow. The main arteries were cut, and Rauschenbach narrowly escaped bleeding to death.

Charles Harrison, of Warren county, a suitor for the hand of Miss Ida Welch, found himself supplanted by Harry Smith. Watching his opportunity, when Mr. Smith was making a call upon Miss Welch, he entered the house and began shooting. Both Smith and Miss Welch were severely wounded and, under the impression that he had killed them, he placed a bullet in his own brain, falling dead. Smith was shot in the breast and Miss Welch in the arm and near the stomach.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction, she was brought down with pneumonia, succeeding la grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Dreier & Bro.'s Drug Store. Regular size, 50c and $1.00.

A Parisian Sorceress

MLLE. HENRIETTE COUEDON, the representative of the Archangel Gabriel, in Paris, is a prophetess not without honor in her own country. Thousands have visited her, and her humble apartments in the Rue Paradis are thronged with curious crowds.

Dr. Charcot said a short time before his death, "In 50 years you will see trials for sorcery reappear under another name."

This prophecy is recalled by the case of Mlle. Couedon, for the fickle Parisian populace that is now at her feet may in a moment turn and rend her, and the fate of Joan of Arc may yet befall this inspired young woman.

She appears to go into trances of a somnambulistic character, in the course of which her utterances are stated to be those of the archangel. Mlle. Couedon declares that Gabriel first manifested himself to her in August last, when he explained to her the mission with which she has been intrusted by Providence. She adds that since then whenever she is in a state of trance it is the archangel who is speaking through her mouth, and who permeates her whole being to such an extent as to extinguish her own personality and individuality.

It will scarcely be believed that this astounding tale finds innumerable believers among all classes of the population. All sorts of people have been to consult her concerning her future, and the cardinal-archbishop has actually been compelled to issue a pastoral letter to his clergy prohibiting them from visiting her in consequence of the crowds of priests who have been flocking to the Rue Paradis. The newspapers are devoting whole columns to the subject, and her role of prophetess constitutes the all absorbing topic of conversation. Among those who have consulted her have been a number of prominent government officials, eminent politicians and even academicians, including the accomplished and versatile director of the Comedie Francaise, M. Jules Claretie. They all profess to go to scoff, but leave her house with surprise and perplexity depicted on their features.

MLLE. HENRIETTE COUEDON.

Prince Henry of Orleans has also been to see her, and it is said that she predicted to him the eternal exile of the house of Orleans and of the Bonapartes, declaring at the same time that the downfall of the republic was imminent, and that France would be saved by a foreign prince who would ascend the throne. She prophesies wars, disasters and catastrophies of every kind for the near future, and, what is more, people seem to believe her and to be deeply impressed by her utterances.

Mrs. Crawford, the well known correspondent, thus describes Mlle. Couedon: "When not under the influence of the Angel Gabriel, she is a jolly, comely girl, with fine teeth, nice features, a pleasant glow in the cheeks and quite a shock of very fine hair, which, however, gets dry and stiff when the celestial visitant comes to her. Her eyes have perpetually distended pupils. This alone would mark her out as a 'case.' A pair of strong and almost meeting brows give a Breton expression to the countenance. The girl may be a survival of the Celtic bards of old. She strings together her predictions in a doggerel like that of Nostradamus. Her father and mother, who believe in her and think she has been raised to warn France from the edge of an abyss, declare that she never was a rhymer except since Gabriel first visited her."

That there is a strongly developed tendency to mysticism in the French character is apparent from the fact that clairvoyants have always had a far greater success in Paris than anywhere else in Europe. Thus the great Napoleon and even his skeptical and cynical minister, Talleyrand, did not disdain to consult the celebrated somnambulist, Mme. Le Normand, and their example was followed by the third Napoleon and by many princes of the house of Orleans. Moreover, it was only a short time ago that the Duc de la Rochefoucauld-Doudeauville was engaged in legal proceedings against Mme. Mongruel, who has hitherto been considered as the doyenne of the the clairvoyants, with the object of preventing her from using in her prospectuses the facsimile of a letter addressed to her in 1849 by his father, in which the latter describes her as an "amiable and natural sibyl."

Dunraven Done.

The unpleasant termination of the Dunraven affair must be regretted, but certainly the New York Yacht club has nothing to reproach itself with. Dunraven made charges of unfair treatment against Mr. Iselin, with whom he raced last summer. The New York Yacht club had these charges investigated by as able a committee as the world affords probably. The committee found them groundless. Dunraven then had the course of a gentleman left open to him—to apologize to the New York Yacht club, of which he was a member, for his mistake. Everybody was considerate enough to believe this somewhat hasty tempered gentleman had really thought the charges well founded, but he was proved by the committee to be wrong. Ample opportunity was given him to apologize. He did not and would not. The only course left open to the club was to expel him from membership, as it did do. Instead of apologizing, Dunraven sent a letter resigning from the club. His letter did not reach the club before his expulsion, but if it had the result could not have been different. To be allowed to resign from an organization it is a recognized rule that the member resigning must be in good standing, which Dunraven certainly was not. He could only have been expelled even if his letter had been received. It is to be hoped, however, that incident will not interfere with future cordial relations between British and American yachting people.

SCROFULA

Miss Della Stevens, of Boston, Mass., writes: I have always suffered from hereditary Scrofula, for which I tried various remedies, and many reliable physicians, but none relieved me. After taking 6 bottles of SSS I am now well. I am very grateful to you, as I feel that it saved me from a life of untold agony, and shall take pleasure in speaking only words of praise for the wonderful medicine, and in recommending it to all.

"THE TRIUMPH OF LOVE IS HAPPY, FRUITFUL MARRIAGE."

Every Man Who Would Know the Grand Truths, the Plain Facts, the New Discoveries of Medical Science as Applied to Married Life, Who Would Atone for Past Errors and Avoid Future Pitfalls, Should Secure the Wonderful Little Book Called "Complete Manhood, and How to Attain It."

"Here at last is information from a high medical source that must work wonders with this generation of men."

The book fully describes a method by which to attain full vigor and manly power.

A method by which to end all unnatural drains on the system.

To cure nervousness, lack of self-control, despondency, &c.

To exchange a jaded and worn nature for one of brightness, buoyancy and power.

To cure forever effects of excesses, overwork, worry, &c.

To give full strength, development and tone to every portion and organ of the body.

Age no barrier. Failure impossible. Two thousand references.

The book is purely medical and scientific, useless to curiosity seekers, invaluable to men only who need it.

A despairing man, who had applied to us, soon after wrote:

"Well, I tell you that first day is one I'll never forget. I just bubbled with joy. I wanted to hug everybody and tell them my old self had died yesterday, and my new self was born today. Why didn't you tell me when I first wrote that I would find it this way?"

And another thus:

"If you dumped a cart load of gold at my feet it would not bring such gladness into my life as your method has done."

Write to the ERIE MEDICAL COMPANY, Buffalo, N. Y., and ask for the little book called "COMPLETE MANHOOD." Refer to this paper, and the company promises to send the book, in sealed envelope, without any marks, and entirely free, until it is well introduced.

FREE DISPENSARY.

Open every day from 8 a. m. to 9 a. m., at the Fort Wayne College of Medicine, 160 W. Superior street. Medicines free to the poor. Patients too sick to come to the Dispensary will be visited at their home.

BEDRIDDEN.

FIFTEEN YEARS OF SUFFERING.

The Doctors Wanted Seven Hundred Dollars to Attempt the Case.

The following is a letter we received a short time ago from Mrs. M. C. Hinkley, 601 North Mississippi St., Indianapolis, Ind.:

Gentlemen:—While suffering intensely from piles, I became interested in your advertisement in one of our daily papers and procured a package of your Pyramid Pile Cure from our druggist. Contrary to my expectations, the relief was instantaneous. I used two boxes of the Pile Cure and one of the Pills and am convinced that they are *the only sure cure for piles on the market*. I have been a sufferer from piles for fifteen years and have been confined to my bed about one-half of the time, expecting and wishing for death for the pain was so great. I went to the college here and the doctors said my case was a new one to them, the great pain having brought on a large rupture, which they wanted seven hundred dollars to cut out. I was very much afraid that death would result from the blood-poisoning which they said would result from the operation. I feel as though I can't praise the Pyramid Pile Cure and the Pyramid Pills too highly, as I am convinced that they saved my life. Before using your cure I weighed only ninety pounds and now I weigh one hundred and fifty and feel as well as I ever did in my life. You are at liberty to use this testimonial in any manner you may see fit, as I want all sufferers from this terrible disease to know that there has at last been compounded a remedy that will cure piles. MRS. M. C. HINKLEY.

There is no need of the danger, pain and expense of a surgical operation for any form of piles. The Pyramid Pile Cure does the work without pain and is the safest and best. Remember also that the Pyramid Pills are a certain cure for constipation, acting without griping and restoring natural action of the bowels.

The Pyramid Pile Cure is sold by druggists at 50 cents and $1.00, and the Pyramid Pills at 25 cents, or by mail from Pyramid Co., Albion, Mich.

Patmos, or the Unveiling.

By Rev. Charles Beecher, author of "Spiritual Manifestations," "Redeemer and Redeemed," "Eden Tableau," etc. Cloth.

This exposition of the Apocalypse of St. John is very ably written, as would be expected from its talented author. "It is an unveiling of the difficult book of Revelation, and it is accomplished with the genius which belong to the Beecher family. The early portion of the book sets forth the environment of the Apostle, the nature of vision, and the literalness of the apostles descriptions. The author then proceeds to give a specific interpretation of the symbols in the light of history. The speculative portions cannot fail to command attention, the descriptions being beautiful in the extreme.

"There is the theological training, the scholarship, and above all the free mind and noble Christian spirit which vitalize and redeem at every point. It is like the father reading a book to his boy and making it all clear and delightful to him. He follows with reverence the opening of the seals; he shows the course of history and the trend of the world as seen in the pictures here represented. Everything is alive with spiritual meaning and import. It is interesting from beginning to end, and will be a most valuable addition to the Christian's library."

It is a scholarly and thoughtful presentation of the subject. [Price $1 50.] —Pubished by Lee & Shepard, Boston, Mass. 12 2t

AFFAIRS OF STATE.

Chairman Morrill Names the Investigating Committee.

Mavroyeni Bey, Turkish Minister, is Recalled—Filled Cheese Bill Reported.

WASHINGTON, May 12.—At the meeting of the senate committee on finance today Chairman Morrill appointed a sub committee of five to investigate the bond sales under the Peffer resolution, naming for that service Senators Harris, Vest and Walthall, democrats; Platt, republican, and Jones, of Nevada, populist.

Secretary Carlisle's letter to Senator Morrill, saying that he was willing to furnish the committee any information at his command, was read, and the chairman was authorized to request the secretary to supply a statement in writing with the understanding that if additional facts should be required he would be asked to appear personally. Nothing was said about the time of the beginning of the inquiry, the understanding being that this would necessarily depend upon the time taken by Mr. Carlisle in preparing his statement.

TURKISH MINISTER RECALLED

The state department has been advised by Mr. Riddle, in charge of the United States legation at Constantinople, of the appointment of Mustafa Bey to succeed Mavroyeni Bey as Turkish minister at Washington. No reason is assigned for the recall of the present minister, who has been in Washington for the past nine years and stands third on the list of foreign ministers here in length of service, nor is anything known of the personality of his successor save the fact that he is set down as the assistant in the Turkish foreign office.

FILLED CHEESE BILL.

The finance committee of the senate today reported favorably the house filled cheese bill with some amendments. The amendments made reduce the annual revenue tax on manufacturers of filled cheese from $400 to $240, and on wholesale dealers in the article from $250 to $200. The report was adopted by a bare majority of one, the vote standing 5 to 4

MILITARY PENITENTIARY.

The house committee on judiciary today ordered a favorable report on the bill to establish a site for the erection of a penitentiary to cost not exceeding $150,000 on the military reservation at Fort Leavenworth.

SPECIAL MEETING ORDERED.

The house judiciary committee today ordered a special meeting for Friday to consider the Hartman resolution for the re-organization of the Northern Pacific railroad company as a federal corporation.

CANAL BILL REPORTED FAVORABLE.

The house committee on inter-state and foreign commerce today ordered a favorable report on the Mahon Nicaragua canal bill as amended by the sub-committee. The vote stood: Ayes, 7; noes, 4. There were six members of the committee absent.

ATTEMPT AT ARSON.

The Torch Applied to a Big Factory.

Boxes, Sacks and Kerosene Piled Up and Fired and Dynamite Exploded at the Same Hour.

WARDNER, Idaho, May 12.—A determined attempt was made last night to burn down the mammoth Bunker Hill concentrator at Wardner Junction. The concentrator was fired with the aid of boxes, sacks and kerosene, and at the same moment a portion of the large flume was blown up with dynamite, which shook the buildings at Kellogg, nearly a mile distant. The dynamite was used a few hundred yards above the mill. The machinery stopped and the electric lights were extinguished two minutes later. The time selected was when most of the mill hands were at supper. One remaining saw the fire as soon as it started and promptly extinguished it. The object was to get the concentrator to burning and prevent its extinguishment by cutting off the water supply. The Bunker Hill employs 400 men. The militia was called out and remained out all night, but no arrests have been made as yet.

KILLED BY LIGHTNING.

Farmer Wallace and His Three Sons Perish.

CADIZ, Ky., May 12.—Yesterday afternoon, during a severe hail and wind storm here, John J. Wallace, a prominent farmer, and his three sons sought shelter under a large sycamore tree. The men had no sooner reached the tree than a bolt of lightning struck it and killed all four of them instantly.

Destructive Storm.

SIBLEY, Iowa, May 12.—A terrific rain and wind storm passed through this section last night. The roof of the three story academy of music building was blown off. Part of the city building was destroyed by the wind. Many small buildings were demolished.

Old Fight Renewed.

NEW YORK, May 12.—The old fight between the police board and Comptroller Fitch took on another phase today. At the meeting of the police board a motion was presented by Commissioner Andrews suspending the payments of all drafts on the contingent fund of the department. No appropriation has been made to meet the expenses incurred by this fund and until that is done it is proposed to stop the collecting of evidence against saloonkeepers, policy shops, the feeding of criminals and the photographing of criminals for the rogues' gallery.

LOOKS SERIOUS.

The Russians Seize Some of Britain's Territory.

The Little Affair Creates a Sensation and May Result in Serious Complications.

SHANGHAI, May 12.—J. Smith, the agent of the Russian Steam Navigation company, at Che Foo and also the agent for various American missions, has secured the foreshore at Che Foo, belonging to Ferguson & Co, agents for steamships and the New York Life Insurance company. Other firms objected but Russia intervened and the Chinese acceded to the request of the Russian vice consul.

LONDON, May 12.—A special dispatch from Shanghai says that the Russians, through an American agent named Smith, have taken possession of the disputed territory at Che Foo, over which the British claim rights. Six Russian warships are there as well as the Detroit, Yorktown, Olympia and Machias of the United States navy. The dispatch adds that intense excitement prevails at Che Foo. A dispatch to the Globe, from Shanghai, says that the Russians have seized lot 12 of the British concession at Che Foo, in defiance of all legal and treaty rights. The Globe's editorial comment on the dispatches from Shanghai contains the remark that "The seriousness of the news from Che Foo cannot be overestimated. The action taken is in direct contravention of existing laws and treaties and cannot be viewed by Great Britian as other than an unfriendly act."

PLEADED GUILTY.

John Love Confesses to a Serious Crime.

A False Entry in the Bank Book Covers Up His Deeds for a Little While.

ROCHESTER, N. Y, May 12.—John Love, ex-cashier of the First National bank of Watkins, whose trial was to have taken place in the United States district court here today has pleaded guilty to the indictment charging him with making a false entry in a report to the United States comptroller of the currency in December, 1892. No time has been fixed for passing sentence. Love was a defaulter for over $100,000. He fled to Chicago, but in October, 1894, was brought back to Watkins. He was indicted by the Federal government and was tried on a charge of embezzlement at the last term of United States court and acquitted. He realized that he could not hope to escape some punishment and so decided to plead guilty to a minor count and throw himself on the mercy of the court.

LOSING INTEREST.

Attendance at the Jackson Trial Decreases.

Colonel Crawford Endeavors to Create Sympathy for the Accused.

NEWPORT, Ky., May 12.—There is a diminution in attendance at the Jackson trial today. Colonel Crawford began his argument for the defense and will probably occupy the day, if his voice does not fail him. The line of his defense so far has been to create sympathy for Jackson by dwelling upon the torturing inquisitorial treatment given him by the Cincinnati police after his arrest. He also has tried to show that Will Wood, not Jackson, was responsible for Pearl Bryan's condition.

SALVATIONISTS ON WHEELS.

Bicycle Gospel Brigade to be Organized by Captain Blanche Cox.

WASHINGTON, May 12.—The bicycle is to be adopted by the Salvation army. Staff Captain Blanche Cox, who came recently from Chicago to command the army in Delaware, Maryland, Virginia and the District of Columbia, is organizing a bicycle brigade, with which she will travel through the states under her jurisdiction and endeavor to gain as many recruits as possible for the army. Captain Cox is an expert bicyclist, and she said today that if it were possible to find among the host of officers here eight or ten who can ride a bicycle as well as herself she will mount her brigade on bicycles and thus travel through the country. The campaign will last for two months.

RAILROAD SOLD.

The Reorganization Committee Bids It In.

GREEN BAY, Wis., May 12.—At the foreclosure sale of the Green Bay, Winona and St. Paul railway today, the main line of the road was bought by M. T. Cox, of New York, on behalf of the reorganization committee of bondholders for $1,000,000. It extends across Wisconsin, from Green Bay to East-more. The Buffalo county branch from Onalaska to Lacrosse, was bid in by Cox as an individual for $20,000. The sale was made on the motion of the Farmers' Loan and Trust company, trustees, and conducted by F. M. Hoyt, of Milwaukee. Half a million dollars will be spent in improvements.

Deaths From Cholera.

ALEXANDRIA, May 12.—There were twenty-two deaths from cholera reported here yesterday.

GENERAL BLANCO

Will Succeed Weyler if the Latter Resigns.

Liberal Deputies Deny the Right of the United States to Recognize Cuban Belligerency.

MADRID, May 12.—At a meeting of the liberal deputies and senators last evening, Senor Sagasta admitted the difficulties attending the immediate application of reforms to Cuba, and denied the right of the United States to recognize the insurgents as belligerents since, he added, they did nothing but flee before the Spanish troops, burn property and commit murders. Continuing, Senor Sagasta expressed the belief that President Cleveland would not accord belligerent rights to rebels who have no government with a fixed place of residence and who do not hold a fortified position.

Senor Sagasta also promised to support the government in the matter of the expenditures necessary to prosecute the Cuban campaign, and declared that the elections in Madrid and Cuba should be quashed.

The Correspondentcia says it believes that if Captain General Weyler resigns he will be succeeded by General Blanco, governor of the Phillipine islands, who will proceed to Cuba via the Pacific and San Francisco.

A. P. A. MEETING.

The Supreme Council in Session at Washington.

A Big Fight Over the Proposed Blacklisting of McKinley is Anticipated.

WASHINGTON, May 12.—The supreme council of the American Protective association held an informal meeting this morning, the first of the convention. No business was transacted except the appointment of a committee on credentials. This committee at once began making the roll of the council. The morning was spent by delegates in listening to many "fraternal speeches," as they were called, all of them informal. There are now about two hundred delegates on the scene. Every state and territory, with the exception of three, are represented. From Indian territory there are Indian delegates. New England, New York and Pennsylvania have sent the largest delegations. The concensus of opinion among the eastern delegates is that attempts to bring the financial question to the front will be checked. The action of the advisory board in blacklisting McKinley will be opposed by the eastern men.

THE FRENCH PRESS.

Their Comments on the Cuban Question.

PARIS, May 12.—The Figaro, referring to the attitude of the United States towards Cuba, says this morning: "The United States authorities, since the outbreak of the revolt, have observed an attitude of defiance toward Spain and support of the insurgents. They ought to consider that Europe will not sanction this mode of action. If the Monroe doctrine permits the Americans to drive the Spaniards from Cuba, it also permits them to turn the French and the British out of their possessions in the Antilles."

The Soleiel, commenting on the same subject, remarks: "The United States has no more right to interfere in the affairs of Spain than to mix themselves up with the affairs of Guadeloupe, Martinique and Guiana. If Spain loses Cuba it will be a terrible blow to European influence in the Antilles."

Stanford Track Team.

PALO ALTO, Cala., May 12.—The Stanford track team will go to Chicago to represent California in the western inter-collegiate contests on the sixth of June. Ever since the men made such a good showing in the games with Berkeley they have been urged by their friends to send a team east and after the Berkeley team had given up the idea of going east, the pressure became too great to be withstood. An application has been made for membership in the western inter-collegiate association and on June 1st the team will start for Chicago. It is not yet decided how many of the men will go. This will depend somewhat on the amount of money which can be raised. There will be at least eight in the team and probably more.

Attached Receipts.

ST LOUIS, Mo, May 12.—President Von Der Ahe, of the St. Louis Browns, has attached Baltimore's share of the receipts of Sunday and Monday's ball games, amounting to $2410, as their proportion of the expenses of fitting up Pendleton park, in Cincinnati, and Athletic park, in Philadelphia, old American association ball grounds. Another change has been made in the Browns' management, President Von Der Ahe taking active charge of the team. Monte Cross was appointed captain.

Punished for Bribery.

NEW YORK, May 12.—Ex-Police Captain Edward B. Carpenter pleaded guilty today in the criminal branch of the supreme court to the charge of bribery, and was sentenced to three months in the penitentiary and to pay a fine of $1,500. Carpenter admitted having received a bribe of $1,000 from the Liquor Dealers' association of the Thirty-third district.

Perplexing to the Authorities.

LOGANSPORT, Ind, May 12.—The case of Edward Nesbitt, who has been held in jail here for several months for horse stealing, is a perplexing one to the authorities. He confessed to the theft when the trial was had, but made a defense on the grounds of insanity. The court has deferred passing sentence in hopes of learning something of the man's former life. His mind is a blank concerning his past history, or the insanity dodge is well simulated. One thing that convinces the authorities that he is concealing something is the fact that he spends considerable time in writing shorthand, an acquirement which is little in keeping with the little he tells of himself.

RACING BEGINS.

Today Ushers in the Season in New York.

The Chief Race Was the Metropolitan Handicap—Henry of Navarre the Favorite.

NEW YORK, May 12.—This is the opening day of the real racing season in New York. The Aqueduct track was opened a week ago, but the actual beginning does not take place until the big tracks are ready.

It is expected that today's attendance will be very large. The feature of the day's sport is the Metropolitan handicap at a mile and a furlong, for which nine horses are on the card, with one or two doubtful. Usually the Brooklyn track has the honor of beginning the year's racing, but the start will be made at Morris park, a wise move, as it is more comfortable there in the spring.

Henry of Navarre will be the favorite today, and Sir Walter and Counter Tenor are likely to be second choices. Navarre has been especially prepared for the metropolitan, and while there are rumors that he will not go to the post they are probably unfounded, as the association will not care to start the races at this track with such a horse scratched from the advertised list of starters. Sir Walter is fit to run for his life, and will not only take up ten pounds less than in former big handicaps, but will have Taral on his back. Counter Tenor is said to have returned to his two year old form, in which case he may do as did Hornpipe last year and get in the first big race of the year. The rest of the lot are not looked upon as dangerous, with the exception of Dorian, who is generally thought to be a pacemaker for Navarre, but who may be sent out for the race through necessity. The track at Morris park will doubtless be a drawback to some of the horses whose legs are not in the best of condition. The first race will be interesting, too, for it will mark the first appearance this year of Hastings, the highest priced two year old in the history of the turf, and in the hands of his old trainer he should do better than he did in the futurity. The other races, with the exception of the last, have filled well and the contests today should be of a high class all the way down the card.

Makers of Badges and prize medals, Dallas F. Green.

The death of Mrs. Angeline M. Hitzeman, wife of Fred Hitzeman, of Adams township, occurred this morning, from pleurisy. She was sixty-six years old. The funeral will be held at the residence at 2 o'clock Thursday afternoon.

The number of prisoners now confined in the county jail is the smallest in four years. There are at present only about twenty prisoners. This is quite a falling off from the fifty or sixty which was the number in jail during the winter.

Mrs. Caroline Meyer, wife of William Meyer, died at her home two miles east of Hoagland, yesterday evening, aged fifty-five years. Heart failure was the cause of her death. The funeral will be held at the residence at 1 o'clock Thursday afternoon.

IN THE HARNESS.

The New Board of Public Works Has a Meeting.

Much Routine Business Disposed of—Brackenridge Street Pavement Petition Withdrawn.

The new board of public works held its first meeting yesterday afternoon. As stated in THE SENTINEL yesterday, Frank Webber was appointed superintendent of streets, to take the place of Nelson Thompson.

Christian Boseker was granted permission to withdraw the petition for an asphalt pavement on Brackenridge street. There is now no petition on file for the paving of that street.

The location of the fifth drinking fountain was discussed, but no action was taken. A petition has been presented asking that it be placed at the corner of Calhoun and Allen streets.

Augustin Lauer was granted permission to build a sidewalk by private contract in front of his property on Hanna street

Jacob Hess, driver of one of the garbage wagons, stated in a communication to the board that he could not gather all the garbage in the territory for which he took a contract. He says the territory is too large. No action was taken.

A. H. Bittenger was granted permission to lay a private sidewalk on Hench street.

Fred Lynch filed a complaint that John McMullen was blocking Monroe street with some lumber piles.

Applications were received and filed as follows: From John Gray for appointment as superintendent of streets, John A. Nix superintendent of crematory; Tom H. Duffy assistant superintendent of crematory.

The clerk was instructed to order three car loads of cedar blocks at 25c per square yard.

The new boards met at the city hall yesterday afternoon and proceeded with their organization and the transaction of business.

The water works trustees elected William Bittler, the oldest member, chairman. The policy of the board was talked over, but nothing was given out for publication about what they decided upon.

The board of public safety met and elected Hon. Charles McCulloch president and Mr. A. I. Friend secretary. After ratifying the appointment of H. A. Gorsline as superintendent of police the board adjourned to meet again tomorrow night.

William Freund, who was assistant superintendent of parks, tendered his resignation yesterday and accepted a position as florist at the feeble minded institute.

Superintendent of Police Gorsline went right to work in his office yesterday as soon as he had been sworn in. Last night at roll call he made a little speech to the men.

CREATED A SENSATION.

Retires From the Presbyterian Church of the United States.

ST. LOUIS Mo., May 12.—After hearing the report of its investigating committee as to the finances of the Grace Presbyterian church, the St. Louis presbytery last night severed the relations between it and its pastor, Rev. J. Mulholland who was recently removed by his parishioners because of an alleged attempt to defraud them out of $25,000, due as insurance on their burned church. Mr. Mulholland then caused a sensation by presenting his resignation, not only from the St. Louis presbytery but from the Presbyterian church of the United States.

Badly Burned.

COLUMBUS, Ohio, May 12.—During a storm yesterday a falling tree slightly displaced and made a hole in the gas tank of the state school for feeble minded youth. At 1 a. m. today men from the city, who move safes, were replacing the tank in position. They supposed the gas had all escaped, but ignition caused by lanterns resulted in the burning of Dr. G. A. Doren, who has been superintendent almost forty years; Theodore Lentz, chief engineer; Robert Joiner, Geo. Churchman, Wm. Banks and Thomas Hunt, expert laborers. Superintendent Doren and Engineer Lentz are badly, but not critically burned about the face, hands and neck. Hunt is believed to have been fatally burned. The others are badly burned.

Alleged Alienation of Affections.

LOGANSPORT, Ind, May 12.—The $5,000 damage suit of Charles Rodgers against William Hollis went to trial in the circuit court of Cass county. Rodgers alleges that Hollis alienated his wife's affections. Both are prosperous farmers, and the sensational features of the case have attracted attention. The men had a personal encounter a short time ago, in which both were wounded in a struggle for the possession of a revolver which had been drawn by one of them during the fight.

Police Enforcing the Law.

ANDERSON, Ind., May 12.—The police had a hard day's work Sunday watching saloons, and the night patrolmen continued day service without rest. A show company in town made extra work for the officers, who recently began to make this a "dry" town on Sunday. All the ministers in the city preached on temperance and Sabbath desecration, and complimented the officers. Captain Coburn resented an insult from one man arrested, and the captain was himself arrested on a charge of assault and battery.

Hancock's Statue.

WASHINGTON, May 12.—With imposing ceremonies the heroic equestrian statue of Maj. Gen. Winfield Scott Hancock was unveiled here this afternoon before an immense gathering, which included President Cleveland, Vice President Stevenson and representatives of the supreme court, the diplomatic corps, both bodies of congress and army veterans and colleagues of the late general. The unveiling was preceded by a military demonstration.

SUICIDE IDENTIFIED.

Brooded Over the Loss of Two Children

Until Her Mental Powers Broke Down and Then Took Her Own Life.

NEW YORK, May 12.—The mystery of the woman who committed suicide at the Colonade hotel in this city Friday evening, after having carefully destroyed all that would indicate her identity, has been solved. Charles H. Biller, a bookkeeper in the office of the Western Union Telegraph company, in this city, identified the body today as that of his wife, Julia A. Biller. Mr. and Mrs. Biller lived in Newark, N. J. The woman was about thirty-one years of age. Mrs. Biller disappeared from her home six weeks ago, leaving no clue as to her intentions. Search was made for her, but without avail, until today. Mr. Biller thinks his wife was insane. They had lost two children, and over that bereavement the mother had brooded for a long time. She was sent to Germany to visit her husband's parents, but returned no more cheerful than she was when she went away. She was a graduate of Vassar college and a woman of exemplary character.

FOREST FIRES

Continue to Destroy Vast Tracts of Timber.

Rain Comes to the Rescue of Michigan, But Pennsylvania Still at the Mercy of Fire.

CLEARFIELD, Pa., May 12.—Forest fires are still raging throughout Clearfield county, and without rain but little relief can be expected. On account of the extent of the destruction an estimate of the loss cannot be made.

A large force of men left here last night to fight fires on Clearfield Lumber company property in Boggs and Knox townships. Six miles from Clearfield, the village of Shawsville which is surrounded by heavy timber, narrowly escaped destruction. Between Shawsville and Winterburne, a distance of twenty miles, there is an unbroken line of fire.

HOUGHTON, Mich, May 12.—Heavy rain fell for five hours last night, effectually quenching forest fires which had been burning for the past week at a number of points, and which have caused great destruction. The loss by fires of the past week on the southern shore of Lake Superior between Duluth and Saut Ste Marie will reach fully a million dollars.

OBSTRUCTING TRACKS.

Strikers Fall Shade Trees on Street Car Lines.

The Milwaukee Strike Ending in Defeat for the Employes—Importing Motormen.

MILWAUKEE, Wis., May 12.—The street railway company is today running cars on all but two lines. There are obstructions on the track of the Russell avenue line and on the line to Merrill park. Trees were felled across the track in Merrill park. The company has notified the board of public works to clear its tracks so that it can operate its lines. About 130 cars are now in operation, and there is so little disturbance that some of the cars are without police officers. Sixty-four experienced motormen from Grand Rapids have been engaged by the company.

SAME OLD OFFICERS.

Citizens' Street Car Company Holds an Election.

R. T. McDonald, One of the Big Stockholders, Does Not Interpose Objections.

INDIANAPOLIS, May 12.—The Citizens' Street Railroad company at its annual meeting today re-elected the old management and all of the old directors except Dr. Henry Jameson, of this city. Franklin Dundore, of Philadelphia, succeeds him. Most of the stock is held in Philadelphia. R. T. McDonald, of Fort Wayne, who has figured conspicuously as a stockholder, did not show his hand. Several new stockholders appeared. It is understood that the company is willing to acquiesce in the new city company franchise if terms can be agreed upon.

Mrs. W. E. Doud, of 228 West Washington street, was driving home from a visit across the Ohio line yesterday when she saw something that has not been seen in this country for many a day. About a mile south of New Haven she found a field of rye that had already been harvested and placed in the shock. The cutting had been done last Saturday. This is so early that the fact is all the more remarkable. It is also true that everything is more advanced in growth than at the same time last year. Roses which were in bloom last year about the fifth of June have already blossomed forth and are loaded with sweet flowers.

AN OPEN SUNDAY

But It Will Never Happen Again,

So Says Mayor Scherer, in an Interview.

Saloons Who Violate the 11 O'clock and Sunday Laws Are to be Vigorously Prosecuted.

A SENTINEL reporter interviewed Mayor Scherer this morning in regard to the action of the city administration with reference to the fact that many of the saloons throughout the city were open last Sunday, the first Sunday under the new administration. A number of saloons did business that day and the matter has been reported to the officials and Prosecutor Doughman has taken the matter in hand and will prepare for prosecutions.

"I suppose, Mr. Scherer," said the reporter, "that you are aware of the fact that a number of saloons in the city kept open and did business last Sunday, are you not?"

"Yes," the mayor replied, "I heard of it, and Prosecutor Doughman is looking up the matter and will prosecute every one against whom sufficient evidence can be obtained."

"Did the information about the open saloons on Sunday come direct to you?"

"No. I received it from the superintendent of police. He said the cases had been reported to him. I do not know what evidence can be obtained, but the prosecutor is attending to that."

"Are you also aware, Mr. Scherer, that some of the saloons do not close up at 11 o'clock at night?"

"No, I have not heard of that. If they keep open after 11 o'clock, however, they will be prosecuted."

"What is to be your policy with reference to the enforcement of the liquor laws requiring saloons to close at 11 o'clock and on Sundays?"

"The laws will be strictly enforced," replied Mayor Scherer. "The saloons will not be allowed to run during unlawful hours. I intend to keep up the department in that particular just the same as it has been in the past."

"Do you intend to give the police positive instructions for the enforcement of this law?"

"Yes, sir. Just as soon as we get thoroughly organized and in good working order I shall do so, and the law will be strictly enforced. I have had so much to do in my office, and am still so busy that I cannot do everything at once. I am just now busily preparing for council meeting tonight."

"Will you continue officers in citizens' clothes whose duty shall be to see to the enforcement of this law?"

"Yes, I will, but I do not wish any names mentioned now so that people will know who they are."

"How about the detective force?"

"I understand there is but one detective in the police department now, but I intend to increase the number to three. Detectives can do much good."

"What will by your policy with reference to Sunday base ball?"

"I understand a game was played last Sunday, but I do not believe they will play any more. I have not yet had a meeting with the board and can hardly say anything about it."

"Then you do not want to state your position until after you have talked with the board?"

"Oh, well, the board has nothing to say about it, in fact, but I wish to talk with them."

"It is also reported that there are to be Sunday night performances at the Empire theatre."

"They cannot have them," replied the mayor quickly and firmly. "They cannot have theatrical performances on Sunday."

As the reporter left Mayor Scherer's office about a dozen office hunters tried to get in at once. Each apparently wanted to be the first, but the mayor received them one at a time in the most courteous manner.

The Horticultural society held a meeting at the city hall last night. The principal paper of the meeting was read by William Freund, ex-assistant superintendent of parks, his subject being "Bedding Plants." The next meeting will be held at the city hall on the evening of the last Monday in this month, at which Mr. Devilbiss, who lives just outside the city and conducts a fruit and vegetable farm, will read a paper on "Pomology." Patmos, or the Unveiling.

By Rev. Charles Beecher, author of "Spiritual Manifestations," "Redeemer and Redeemed," "Eden Tableau," etc. Cloth.

This exposition of the Apocalypse of St. John is very ably written, as would be expected from its talented author. "It is an unveiling of the difficult book of Revelation, and it is accomplished with the genius which belong to the Beecher family. The early portion of the book sets forth the environment of the Apostle, the nature of vision, and the literalness of the apostles descriptions. The author then proceeds to give a specific interpretation of the symbols in the light of history. The speculative portions cannot fail to command attention, the descriptions being beautiful in the extreme.

"There is the theological training, the scholarship, and above all the free mind and noble Christian spirit which vitalize and redeem at every point. It is like the father reading a book to his boy and making it all clear and delightful to him. He follows with reverence the opening of the seals: he shows the course of history and the trend of the world as seen in the pictures here represented. Everything is alive with spiritual meaning and import. It is interesting from beginning to end, and will be a most valuable addition to the Christian's library."

It is a scholarly and thoughtful presentation of the subject. [Price $1 50]

AFFAIRS OF STATE.

Chairman Morrill Names the Investigating Committee.

Mavroyeni Bey, Turkish Minister, is Recalled—Filled Cheese Bill Reported.

WASHINGTON, May 12.—At the meeting of the senate committee on finance today Chairman Morrill appointed a sub committee of five to investigate the bond sales under the Peffer resolution, naming for that service Senators Harris, Vest and Walthall, democrats; Platt, republican, and Jones, of Nevada, populist.

Secretary Carlisle's letter to Senator Morrill, saying that he was willing to furnish the committee any information at his command, was read, and the chairman was authorized to request the secretary to supply a statement in writing with the understanding that if additional facts should be required he would be asked to appear personally. Nothing was said about the time of the beginning of the inquiry, the understanding being that this would necessarily depend upon the time taken by Mr. Carlisle in preparing his statement.

TURKISH MINISTER RECALLED

The state department has been advised by Mr. Riddle, in charge of the United States legation at Constantinople, of the appointment of Mustafa Bey to succeed Mavroyeni Bey as Turkish minister at Washington. No reason is assigned for the recall of the present minister, who has been in Washington for the past nine years and stands third on the list of foreign ministers here in length of service, nor is anything known of the personality of his successor save the fact that he is set down as the assistant in the Turkish foreign office.

FILLED CHEESE BILL

The finance committee of the senate today reported favorably the house filled cheese bill with some amendments. The amendments made reduce the annual revenue tax on manufacturers of filled cheese from $400 to $240, and on wholesale dealers in the article from $250 to $200. The report was adopted by a bare majority of one, the vote standing 5 to 4.

MILITARY PENITENTIARY.

The house committee on judiciary today ordered a favorable report on the bill to establish a site for the erection of a penitentiary to cost not exceeding $150,000 on the military reservation at Fort Leavenworth.

SPECIAL MEETING ORDERED.

The house judiciary committee today ordered a special meeting for Friday to consider the Hartman resolution for the re-organization of the Northern Pacific railroad company as a federal corporation.

CANAL BILL REPORTED FAVORABLE.

ATTEMPT AT ARSON.

The Torch Applied to a Big Factory.

Boxes, Sacks and Kerosene Piled Up and Fired and Dynamite Exploded at the Same Hour.

WARDNER, Idaho, May 12.—A determined attempt was made last night to burn down the mammoth Bunker Hill concentrator at Wardner Junction. The concentrator was fired with the aid of boxes, sacks and kerosene, and at the same moment a portion of the large flume was blown up with dynamite, which shook the buildings at Kellogg, nearly a mile distant. The dynamite was used a few hundred yards above the mill. The machinery stopped and the electric lights were extinguished two minutes later. The time selected was when most of the mill hands were at supper. One remaining saw the fire as soon as it started and promptly extinguished it. The object was to get the concentrator to burning and prevent its extinguishment by cutting off the water supply. The Bunker Hill employs 400 men. The militia was called out and remained out all night, but no arrests have been made as yet.

KILLED BY LIGHTNING.

Farmer Wallace and His Three Sons Perish.

CADIZ, Ky., May 12.—Yesterday afternoon, during a severe hail and wind storm here, John J. Wallace, a prominent farmer, and his three sons sought shelter under a large sycamore tree. The men had no sooner reached the tree than a bolt of lightning struck it and killed all four of them instantly.

Destructive Storm.

SIBLEY, Iowa, May 12.—A terrific rain and wind storm passed through this section last night. The roof of the three story academy of music building was blown off. Part of the city building was destroyed by the wind. Many small buildings were demolished.

Old Fight Renewed.

NEW YORK, May 12.—The old fight between the police board and Comptroller Fitch took on another phase today. At the meeting of the police board a motion was presented by Commissioner Andrews suspending the payments of all drafts on the contingent fund of the department. No appropriation has been made to meet the expenses incurred by this fund and until that is done it is proposed to stop the collecting of evidence against saloonkeepers, policy shops, the feeding of criminals and the photographing of criminals for the rogues' gallery.

LOOKS SERIOUS.

The Russians Seize Some of Britain's Territory.

The Little Affair Creates a Sensation and May Result in Serious Complications.

SHANGHAI, May 12.—J. Smith, the agent of the Russian Steam Navigation company, at Che Foo and also the agent for various American missions, has secured the foreshore at Che Foo, belonging to Ferguson & Co., agents for steamships and the New York Life Insurance company. Other firms objected but Russia intervened and the Chinese acceded to the request of the Russian vice consul.

LONDON, May 12.—A special dispatch from Shanghai says that the Russians, through an American agent named Smith, have taken possession of the disputed territory at Che Foo, over which the British claim rights. Six Russian warships are there as well as the Detroit, Yorktown, Olympia and Machias of the United States navy. The dispatch adds that intense excitement prevails at Che Foo. A dispatch to the Globe, from Shanghai, says that the Russians have seized lot 12 of the British concession at Che Foo, in defiance of all legal and treaty rights. The Globe's editorial comment on the dispatches from Shanghai contains the remark that "The seriousness of the news from Che Foo cannot be overestimated. The action taken is in direct contravention of existing laws and treaties and cannot be viewed by Great Britain as other than an unfriendly act."

PLEADED GUILTY.

John Love Confesses to a Serious Crime.

A False Entry in the Bank Book Covers Up His Deeds for a Little While.

ROCHESTER, N. Y., May 12.—John Love, ex-cashier of the First National bank of Watkins, whose trial was to have taken place in the United States district court here today has pleaded guilty to the indictment charging him with making a false entry in a report to the United States comptroller of the currency in December, 1892. No time has been fixed for passing sentence. Love was a defaulter for over $100,000. He fled to Chicago, but in October, 1894, was brought back to Watkins. He was indicted by the Federal government and was tried on a charge of embezzlement at the last term of United States court and acquitted. He realized that he could not hope to escape some punishment and so decided to plead guilty to a minor count and throw himself on the mercy of the court.

LOSING INTEREST.

Attendance at the Jackson Trial Decreases.

Colonel Crawford Endeavors to Create Sympathy for the Accused.

NEWPORT, Ky., May 12.—There is a diminution in attendance at the Jackson trial today. Colonel Crawford began his argument for the defense and will probably occupy the day, if his voice does not fail him. The line of his defense so far has been to create sympathy for Jackson by dwelling upon the torturing inquisitorial treatment given him by the Cincinnati police after his arrest. He also has tried to show that Will Wood, not Jackson, was responsible for Pearl Bryan's condition.

SALVATIONISTS ON WHEELS.

Bicycle Gospel Brigade to be Organized by Captain Blanche Cox.

WASHINGTON, May 12.—The bicycle is to be adopted by the Salvation army. Staff Captain Blanche Cox, who came recently from Chicago to command the army in Delaware, Maryland, Virginia and the District of Columbia, is organizing a bicycle brigade, with which she will travel through the states under her jurisdiction and endeavor to gain as many recruits as possible for the army. Captain Cox is an expert bicyclist, and she said today that if it were possible to find among the host of officers there eight or ten who can ride a bicycle as well as herself she will mount her brigade on bicycles and thus travel through the country. The campaign will last for two months.

Cox, of New York, on behalf of the reorganization committee of bondholders for $1,000,000. It extends across Wisconsin, from Green Bay to East-more. The Buffalo county branch from Onalaska to Lacrosse, was bid in by Cox as an individual for $20,000. The sale was made on the motion of the Farmers' Loan and Trust company, trustee, and conducted by F. M. Hoyt, of Milwaukee. Half a million dollars will be spent in improvements.

Deaths From Cholera.

ALEXANDRIA, May 12.—There were twenty-two deaths from cholera reported here yesterday.

GENERAL BLANCO

Will Succeed Weyler if the Latter Resigns.

Liberal Deputies Deny the Right of the United States to Recognize Cuban Belligerency.

MADRID, May 12.—At a meeting of the liberal deputies and senators last evening, Senor Sagasta admitted the difficulties attending the immediate application of reforms to Cuba, and denied the right of the United States to recognize the insurgents as belligerents since, he added, they did nothing but flee before the Spanish troops, burn property and commit murders. Continuing, Senor Sagasta expressed the belief that President Cleveland would not accord belligerent rights to rebels who have no government with a fixed place of residence and who do not hold a fortified position.

Senor Sagasta also promised to support the government in the matter of the expenditures necessary to prosecute the Cuban campaign, and declared that the elections in Madrid and Cuba should be quashed.

The Correspondencia says it believes that if Captain General Weyler resigns he will be succeeded by General Blanco, governor of the Phillipine islands, who will proceed to Cuba via the Pacific and San Francisco.

A. P. A. MEETING.

The Supreme Council in Session at Washington.

A Big Fight Over the Proposed Blacklisting of McKinley is Anticipated.

WASHINGTON, May 12.—The supreme council of the American Protective association held an informal meeting this morning, the first of the convention. No business was transacted except the appointment of a committee on credentials. This committee at once began making the roll of the council. The morning was spent by delegates in listening to many "fraternal speeches," as they were called, all of them informal. There are now about two hundred delegates on the scene. Every state and territory, with the exception of three, are represented. From Indian territory there are Indian delegates. New England, New York and Pennsylvania have sent the largest delegations. The concensus of opinion among the eastern delegates is that attempts to bring the financial question to the front will be checked. The action of the advisory board in blacklisting McKinley will be opposed by the eastern men.

THE FRENCH PRESS.

Their Comments on the Cuban Question.

PARIS, May 12.—The Figaro, referring to the attitude of the United States towards Cuba, says this morning: "The United States authorities, since the outbreak of the revolt, have observed an attitude of defiance toward Spain and support of the insurgents. They ought to consider that Europe will not sanction this mode of action. If the Monroe doctrine permits the Americans to drive the Spaniards from Cuba, it also permits them to turn the French and the British out of their possessions in the Antilles."

The Soleil, commenting on the same subject, remarks: "The United States has no more right to interfere in the affairs of Spain than to mix themselves up with the affairs of Guadeloupe, Martinique and Guiana. If Spain loses Cuba it will be a terrible blow to European influence in the Antilles."

Stanford Track Team.

PALO ALTO, Cala., May 12.—The Stanford track team will go to Chicago to represent California in the western inter-collegiate contests on the sixth of June. Ever since the men made such a good showing in the games with Berkeley they have been urged by their friends to send a team east and after the Berkeley team had given up the idea of going east, the pressure became too great to be withstood. An application has been made for membership in the western inter-collegiate association and on June 1st the team will start for Chicago. It is not yet decided how many of the men will go. This will depend somewhat on the amount of money which can be raised. There will be at least eight in the team and probably more.

Attached Receipts.

ST. LOUIS, Mo., May 12.—President Von Der Ahe, of the St. Louis Browns, has attached Baltimore's share of the receipts of Sunday and Monday's ball games, amounting to $3,410, as their proportion of the expenses of fitting up Pendleton park, in Cincinnati, and Athletic park, in Philadelphia, old American association ball grounds. Another change has been made in the Browns' management. President Von Der Ahe taking active charge of the team. Monte Cross was appointed captain.

Punished for Bribery.

NEW YORK, May 12.—Ex-Police Captain Edward B. Carpenter pleaded guilty today in the criminal branch of the supreme court to the charge of bribery, and was sentenced to three months in the penitentiary and to pay a fine of $1,500. Carpenter admitted having received a bribe of $1,000 from the Liquor Dealers' association of the Thirty-third district.

Perplexing to the Authorities.

LOGANSPORT, Ind., May 12.—The case of Edward Nesbitt, who has been held in jail here for several months for horse stealing, is a perplexing one to the authorities. He confessed to the theft when the trial was had, but made a defense on the grounds of insanity. The court has deferred passing sentence in hopes of learning something of the man's former life. His mind is a blank concerning his past history, or the insanity dodge is well simulated. One thing that convinces the authorities that he is concealing something is the fact that he spends considerable time in writing shorthand, an acquirement which is little in keeping with the little he tells of himself.

RACING BEGINS.

Today Ushers in the Season in New York.

The Chief Race Was the Metropolitan Handicap—Henry of Navarre the Favorite.

NEW YORK, May 12.—This is the opening day of the real racing season in New York. The Aqueduct track was opened a week ago, but the actual beginning does not take place until the big tracks are ready.

It is expected that today's attendance will be very large. The feature of the day's sport is the Metropolitan handicap at a mile and a furlong, for which nine horses are on the card, with one or two doubtful. Usually the Brooklyn track has the honor of beginning the year's racing, but the start will be made at Morris park, a wise move, as it is more comfortable there in the spring.

Henry of Navarre will be the favorite today, and Sir Walter and Counter Tenor are likely to be second choices. Navarre has been especially prepared for the metropolitan, and while there are rumors that he will not go to the post they are probably unfounded, as the association will not care to start the races at this track with such a horse scratched from the advertised list of starters. Sir Walter is fit to run for his life, and will not only take up ten pounds less than in former big handicaps, but will have Taral on his back. Counter Tenor is said to have returned to his two year old form, in which case he may do as did Hornpipe last year and get in the first big race of the year. The rest of the lot are not looked upon as dangerous, with the exception of Dorian, who is generally thought to be a pacemaker for Navarre, but who may be sent out for the race through necessity. The track at Morris park will doubtless be a drawback to some of the horses whose legs are not in the best of condition. The first race will be interesting, too, for it will mark the first appearance this year of Hastings, the highest priced two year old in the history of the turf, and in the hands of his old trainer he should do better than he did in the futurity. The other races, with the exception of the last, have filled well and the contests today should be of a high class all the way down the card.

IN THE HARNESS.

The New Board of Public Works Has a Meeting.

Much Routine Business Disposed of—Brackenridge Street Pavement Petition Withdrawn.

The new board of public works held its first meeting yesterday afternoon. As stated in THE SENTINEL yesterday, Frank Webber was appointed superintendent of streets, to take the place of Nelson Thompson.

Christian Boecker was granted permission to withdraw the petition for an asphalt pavement on Brackenridge street. There is now no petition on file for the paving of that street.

The location of the fifth drinking fountain was discussed, but no action was taken. A petition has been presented asking that it be placed at the corner of Calhoun and Allen streets.

Augustin Lauer was granted permission to build a sidewalk by private contract in front of his property on Hanna street.

Jacob Hess, driver of one of the garbage wagons, stated in a communication to the board that he could not gather all the garbage in the territory for which he took a contract. He says the territory is too large. No action was taken.

A. H. Bittenger was granted permission to lay a private sidewalk on Hench street.

Fred Lynch filed a complaint that John McMullen was blocking Monroe street with some lumber piles.

Applications were received and filed as follows: From John Gray for appointment as superintendent of streets; John A. Nix superintendent of crematory, Tom H. Duffy assistant superintendent of crematory.

The clerk was instructed to order three car loads of cedar blocks at 25c per square yard.

The new boards met at the city hall yesterday afternoon and proceeded with their organization and the transaction of business.

The water works trustees elected William Bittler, the oldest member, chairman. The policy of the board was talked over, but nothing was given out for publication about what they decided upon.

The board of public safety met and elected Hon. Charles McCulloch president and Mr. A. L. Friend secretary. After ratifying the appointment of H. A. Gorsline as superintendent of police the board adjourned to meet again tomorrow night.

William Freund, who was assistant superintendent of parks, tendered his resignation yesterday and accepted a position as florist at the feeble minded institute.

Superintendent of Police Gorsline went right to work in his office yesterday as soon as he had been sworn in. Last night at roll call he made a little speech to the men.

CREATED A SENSATION.

Retires From the Presbyterian Church of the United States.

ST. LOUIS, Mo., May 12.—After hearing the report of its investigating committee as to the finances of the Grace Presbyterian church, the St. Louis presbytery last night severed the relations between it and its pastor, Rev. J. Mulholland who was recently removed by his parishioners because of an alleged attempt to defraud them out of $25,000, due as insurance on their burned church. Mr. Mulholland then caused a sensation by presenting his resignation, not only from the St. Louis presbytery but from the Presbyterian church of the United States.

Badly Burned.

COLUMBUS, Ohio, May 12.—During a storm yesterday a falling tree slightly displaced and made a hole in the gas tank of the state school for feeble minded youth. At 1 a. m. today men from the city, who move safes, were replacing the tank in position. They supposed the gas had all escaped, but ignition caused by lanterns resulted in the burning of Dr. G. A. Doren, who has been superintendent almost forty years; Theodore Lentz, chief engineer; Robert Joiner, Geo. Churchman, Wm. Banks and Thomas Hunt, expert laborers. Superintendent Doren and Engineer Lentz are badly, but not critically burned about the face, hands and neck. Hunt is believed to have been fatally burned. The others are badly burned.

Alleged Alienation of Affections.

LOGANSPORT, Ind., May 12.—The $5,000 damage suit of Charles Rodgers against William Hollis went to trial in the circuit court of Cass county. Rodgers alleges that Hollis alienated his wife's affections. Both are prosperous farmers, and the sensational features of the case have attracted attention. The men had a personal encounter a short time ago, in which both were wounded in a struggle for the possession of a revolver which had been drawn by one of them during the fight.

Police Enforcing the Law.

ANDERSON, Ind., May 12.—The police had a hard day's work Sunday watching saloons, and the night patrolmen continued day service without rest. A show company in town made extra work for the officers, who recently began to make this a "dry" town on Sunday. All the ministers in the city preached on temperance and Sabbath desecration, and complimented the officers. Captain Coburn resented an insult from one man arrested, and the captain was himself arrested on a charge of assault and battery.

Hancock's Statue.

WASHINGTON, May 12.—With imposing ceremonies the hero's equestrian statue of Maj. Gen. Winfield Scott Hancock was unveiled here this afternoon before an immense gathering, which included President Cleveland, Vice President Stevenson and representatives of the supreme court, the diplomatic corps, both bodies of congress and army veterans and colleagues of the late general. The unveiling was preceded by a military demonstration.

SUICIDE IDENTIFIED.

Brooded Over the Loss of Two Children

Until Her Mental Powers Broke Down and Then Took Her Own Life.

NEW YORK, May 12.—The mystery of the woman who committed suicide at the Colonade hotel in this city Friday evening, after having carefully destroyed all that would indicate her identity, has been solved. Charles H. Biller, a bookkeeper in the office of the Western Union Telegraph company, in this city, identified the body today as that of his wife, Julia A. Biller. Mr. and Mrs. Biller lived in Newark, N. J. The woman was about thirty one years of age. Mrs Biller disappeared from her home six weeks ago, leaving no clue as to her intentions. Search was made for her, but without avail, until today. Mr. Biller thinks his wife was insane. They had lost two children, and over that bereavement the mother had brooded for a long time. She was sent to Germany to visit her husband's parents, but returned no more cheerful than she was when she went away. She was a graduate of Vassar college and a woman of exemplary character.

FOREST FIRES

Continue to Destroy Vast Tracts of Timber.

Rain Comes to the Rescue of Michigan, But Pennsylvania Still at the Mercy of Fire.

CLEARFIELD, Pa., May 12.—Forest fires are still raging throughout Clearfield county, and without rain but little relief can be expected. On account of the extent of the destruction an estimate of the loss cannot be made.

A large force of men left here last night to fight fires on Clearfield Lumber company property in Boggs and Knox townships. Six miles from Clearfield, the village of Shawsville which is surrounded by heavy timber, narrowly escaped destruction. Between Shawsville and Winterburne, a distance of twenty miles, there is an unbroken line of fire.

HOUGHTON, Mich., May 12.—Heavy rain fell for five hours last night, effectually quenching forest fires which had been burning for the past week at a number of points, and which have caused great destruction. The loss by fires of the past week on the southern shore of Lake Superior between Duluth and Saut Ste Marie will reach fully a million dollars.

OBSTRUCTING TRACKS.

Strikers Fell Shade Trees on Street Car Lines.

The Milwaukee Strike Ending in Defeat for the Employes—Importing Motormen.

MILWAUKEE, Wis., May 12.—The street railway company is today running cars on all but two lines. There are obstructions on the track of the Russell avenue line and on the line to Merrill park. Trees were felled across the track in Merrill park. The company has notified the board of public works to clear its tracks so that it can operate its lines. About 130 cars are now in operation, and there is so little disturbance that some of the cars are without police officers. Sixty-four experienced motormen from Grand Rapids have been engaged by the company.

SAME OLD OFFICERS.

Citizens' Street Car Company Holds an Election.

R. T. McDonald, One of the Big Stockholders, Does Not Interpose Objections.

INDIANAPOLIS, May 12.—The Citizens' Street Railroad company at its annual meeting today re elected the old management and all of the old directors except Dr. Henry Jameson, of this city. Franklin Dundore, of Philadelphia, succeeds him. Most of the stock is held in Philadelphia. R. T. McDonald, of Fort Wayne, who has figured conspicuously as a stockholder, did not show his hand. Several new stockholders appeared. It is understood that the company is willing to acquiesce in the new city company franchise if terms can be agreed upon.

Mrs. W. E. Doud, of 225 West Washington street, was driving home from a visit across the Ohio line yesterday when she saw something that has not been seen in this country for many a day. About a mile south of New Haven she found a field of rye that had already been harvested and placed in the shock. The cutting had been done last Saturday. This is so early that the fact is all the more remarkable. It is also true that everything is more advanced in growth than at the same time last year. Roses which were in bloom last year about the 10th of June have already blossomed forth and are loaded with sweet flowers.

AN OPEN SUNDAY

But It Will Never Happen Again.

So Says Mayor Scherer, in an Interview.

Saloons Who Violate the 11 O'clock and Sunday Laws Are to be Vigorously Prosecuted.

A SENTINEL reporter interviewed Mayor Scherer this morning in regard to the action of the city administration with reference to the fact that many of the saloons throughout the city were open last Sunday, the first Sunday under the new administration. A number of saloons did business that day and the matter has been reported to the officials and Prosecutor Doughman has taken the matter in hand and will prepare for prosecutions.

"I suppose, Mr. Scherer," said the reporter, "that you are aware of the fact that a number of saloons in the city kept open and did business last Sunday, are you not?"

"Yes," the mayor replied, "I heard of it, and Prosecutor Doughman is looking up the matter and will prosecute every one against whom sufficient evidence can be obtained."

"Did the information about the open saloons on Sunday come direct to you?"

"No. I received it from the superintendent of police. He said the cases had been reported to him. I do not know what evidence can be obtained, but the prosecutor is attending to that."

"Are you also aware, Mr. Scherer, that some of the saloons do not close up at 11 o'clock at night?"

"No, I have not heard of that. If they keep open after 11 o'clock, however, they will be prosecuted."

"What is to be your policy with reference to the enforcement of the liquor laws requiring saloons to close at 11 o'clock and on Sundays?"

"The laws will be strictly enforced," replied Mayor Scherer. "The saloons will not be allowed to run during unlawful hours. I intend to keep up the department in that particular just the same as it has been in the past."

"Do you intend to give the police positive instructions for the enforcement of this law?"

"Yes, sir. Just as soon as we get thoroughly organized and in good working order I shall do so, and the law will be strictly enforced. I have had so much to do in my office, and am still so busy that I cannot do everything at once. I am just now busily preparing for council meeting tonight."

"Will you continue officers in citizens' clothes whose duty shall be to see to the enforcement of this law?"

"Yes, I will, but I do not wish any names mentioned now so that people will know who they are."

"How about the detective force?"

"I understand there is but one detective in the police department now, but I intend to increase the number to three. Detectives can do much good."

"What will by your policy with reference to Sunday base ball?"

"I understand a game was played last Sunday, but I do not believe they will play any more. I have not yet had a meeting with the board and can hardly say anything about it."

"Then you do not want to state your position until after you have talked with the board?"

"Oh, well, the board has nothing to say about it, in fact, but I wish to talk with them."

"It is also reported that there are to be Sunday night performances at the Empire theatre."

"They cannot have them," replied the mayor quickly and firmly. "They cannot have theatrical performances on Sunday."

As the reporter left Mayor Scherer's office about a dozen office hunters tried to get in at once. Each apparently wanted to be the first, but the mayor received them one at a time in the most courteous manner.

The Horticultural society held a meeting at the city hall last night. The principal paper of the meeting was read by William Freund, ex-assistant superintendent of parks, his subject being "Bedding Plants." The next meeting will be held at the city hall on the evening of the last Monday in this month, at which Mr. Devilbiss, who lives just outside the city and conducts a fruit and vegetable farm, will read a paper on "Pomology." The society is in a flourishing condition and its members are taking great interest in the subjects presented.

The new city council will meet to-night for the first time.

The boom of Governor Matthews for president is moving right along and it looks now as if he would be nominated by the democracy at Chicago.

The reports of the condition of the national banks of our city were published in The Sentinel yesterday and it [illegible] us pleasure to say that they are [illegible] the most [illegible] and reliable [illegible] of the nation.

[illegible] seems to indicate that [illegible] will be nominated at the st[illegible] convention, but there may be a [illegible] that has not been [illegible] in the estimates.

[illegible] to Dr. Oliver Wendell [illegible] the human race is divided into [illegible] who [illegible] dead and [illegible] and those who are around [illegible] other [illegible]

[illegible] announces [illegible] the republican nominee [illegible] candidate he will [illegible] convention. Babcock may as well [illegible] now, for it looks very much as if that is just what the republicans will do.

In view of the hot weather already had this year it may be consoling to recall before the summer in Fort Wayne is over that the human system can stand up under 212 degrees of heat, and that men have stood without injury [illegible] degrees for several minutes.

The republican politicians are now [illegible] about for a running mate for McKinley, as the latter's nomination is now conceded by nearly all. It is claimed that New York is willing to name the vice president. Warner Miller, General Tracy and Lieutenant Governor Saxton are mentioned.

There is a good deal of inquiry from the east and from the west as to what position the democratic party of Indiana will likely take on the money question. The best informed representatives of the party are answering these inquiries at this time by saying it is impossible to foretell what will be the result of the contest that is being waged between the two wings of the party in the state. The impression prevails that the free coinage people are better organized than the sound money people. In fact, the sound money people have no organization at all outside of the state committee, which is not making an active campaign in the interest of sound money [illegible]

The Girls in the Lead.

In the graduating class of the Fort Wayne High school this year, Dr. John S. Irwin, the city superintendent, tells The Sentinel, there are twenty-one girls and only eight boys. This disparity in the sexes in regard to the number who complete the regular prescribed course in our public schools is no uncommon occurrence. Indeed, it is greater some years than it is this and it has been the rule for years that the girl graduates far outnumber the boys. It does not follow from this, however, that there is a corresponding disparity in the census of Fort Wayne. The women may have a little the best of it, but the majority is nothing like as great as would seem to be indicated by the record of school graduates.

This numerical inequality, which is noted each year, is due to the fact that the boys, after going to school long enough to gain a fair knowledge of the rudimentary branches, strike out into the world to find opportunities for earning a livelihood. They complete their education in the school of experience. The girls remain in school, finish the course, and graduate, while the boys are hustling for a living. Of course, it would be better if our boys could remain at their school studies until they have mastered the regular course, because knowledge is power and it will help them along wonderfully in the struggle of life. But it is much better than if this disparity in the sexes in the matter of gaining an education were reversed. The girls can make better use of a thorough school training than the boys, or at least they could not spare this equipment so easily.

The girl is mother to the woman, and it is to the woman that the training of both the boys and girls is committed. Every good woman is, in a sense, a teacher, and the greater the measure of her intelligence the greater will be her power for good. It would be pleasant and satisfactory to see the graduating classes of the Fort Wayne schools made up of more young men, but the thought is inspiring that the cause of education will be carried on and do its work through the cultured women who are being sent out every year from our schools and colleges. It is a pleasure to hear the boys deliver their commencement orations, but the spectacle of the "sweet girl graduate" with her snowy robes and her "flowery" essay will continue to make glad the hearts of the friends of our schools on graduation day.

THREE STRAIGHTS.

Saginaw Drops Them to the Fort Wayne Colts.

Yesterday's Score Was 12 to 5—The Colts Now Make a Trip Through Michigan.

[illegible]

Fort Wayne made it three straights by winning yesterday's game from the Saginaw lumbermen. The score was 12 to 5. Carrick and O'Meara were in the points for Fort Wayne and Rutherford and Smith, the latter a Fort Wayne boy, for Saginaw. Not a great many hits were made by anybody, but the game was won on errors. The feature of the game was the home run hit made by Lynch, who sent the ball through a hole in the center field fence. By doing this he earned a new hat. Frenoh's Enterprise clothing house has offered a new hat to all Fort Wayne players who make home runs. Blake made one in Sunday's game and this one of Lynch's is the second.

Fort Wayne is now in first place in the league with a good lead. They go to Jackson tonight to argue the case with the Jackson team on their own grounds and then they go to Saginaw to do the same with the lumbermen. When the colts return they will meet Toledo in this city for three games, and then they go east for a series of twelve games with the eastern clubs. Captain Tebeau's men have a hard row before them and if they return home with the first place still in their pockets it will be because they have played ball of the best class.

The score yesterday was as follows:

INNINGS	1	2	3	4	5	6	7	8	9	R.	H.	E.
Fort Wayne	0	2	3	0	0	0	4	2	1	12	13	6
Saginaw	2	0	1	0	0	0	0	1	1	5	11	6

Earned runs—Fort Wayne, 5. Two base hits—Tebeau, Knell. Three-base hit—Grey. Home run—Lynch. Stolen bases—Grey, Blake, Tebeau 4, Criger, Hemphill, Snyder. Bases on balls—Off Carrick, 5, of Rutherford, 4. Hit by pitcher—By Carrick, 2. Passed ball—Smith. Struck out—By Carrick, 5, by Rutherford, 6. Time—2:00. Umpire—Popkay.

TEST TO COME.

Youngstown Vindicator: "The true test of strength will be when the east and west get together. Then the Fort Wayne "farmers" and the Toledos will be shown the difference in the national game as played in the effete east as compared to the cold and chilly northwest. Then the games will be truly for "blud."

No trace of the family of James H. Wilson, who died in the hospital at Columbus with nearly $10,020 strapped to his person, has so far been found. Investigation shows that he was formerly in business at Pomeroy, Ohio, and that he was born in St. Clair, Ohio, where he once conducted a tannery. Besides property previously mentioned, which included a farm, he owned two sawmills in Brown county and much lumber. If no relatives are found his estate will be turned over to the state.

A peculiar case presented itself last week to the classis of the German Reformed church of southern Indiana. The classis loaned $3,500 to the Second Reformed church of Evansville, which has since seceded and joined another denomination. Meanwhile the first mortgage has been foreclosed, and, as the church is without money, there seems no way for the classis to recover the amount originally loaned.

DELIGHTFUL BANQUET

Held by the Order of Lincoln at Randall Hotel.

After the Institution of the Lodge in This City and the Election of Officers.

In a most auspicious and certainly in a most creditable manner the Fort Wayne lodge of the Order of Lincoln was instituted in this city last evening with a membership which has on its roll some of our best known and most influential citizens.

The order is one which was formed recently and was incorporated last November at Indianapolis. Its object is to perpetuate the memory of Abraham Lincoln by authenticating and verifying incidents told of the great man, to erect and care for monuments and tablets erected to his memory, and to inculcate among the people the lessons of patriotism and true greatness, of which his life was the exponent.

Its features are patriotic, social and protective and will have a rapid extension in membership throughout all the states. The following are the supreme officers of the order:

Supreme Ex-President—Col. Phil Dickinson, Fort Wayne.

Supreme President—Gen. James A. Carnahan, Indianapolis.

Supreme Vice President—Judge R. W. McBride, Indianapolis.

Supreme Secretary—W. F. Baxter, Fort Wayne.

Supreme Treasurer—Frank Bowers, Indianapolis.

Supreme Surgeon—Major E. L. Siver, Fort Wayne.

Supreme Auditor General—James B. Harper, Fort Wayne.

Supreme Historian—Hon. Jesse W. Weik, Greencastle.

Supreme Attorney General—Ex-Mayor Caleb S. Denny, Indianapolis.

Supreme Messenger—Gen. James R. Ross.

The lodge in this city last night was instituted at Harmony hall with a membership of nearly one hundred. Supreme Secretary W. F. Baxter conducted the ceremonies of organization, after which the following officers were elected:

Ex-President—James M. Barrett.
President—Paul E. Mossman.
Vice President—A. L. Randall.
Secretary—E. R. Gesaman.
Treasurer—Charles A. Wilding.
Lecturer—W. F. Schrader.
Chaplain—W. F. McCaughey.
Auditor—J. Ross McCulloch.
Messenger—R. E. Gerberding.
Assistant Messenger—Charles Yagerlehner.
Inner Guard—Harry Achenbach.
Outer Guard—L. F. Schell.
Trustees—A. L. Johns, C. E. Graves, P. A. Randall.

After the completion of the business of the order at their hall, the members repaired to the Randall hotel, where a banquet was held. Landlord Townsend had arranged the long row of tables in his cool and pleasant dining hall. The tables were beautifully decorated with potted plants and ferns, and a large bust of Lincoln stood in the center. The menu was elaborate and while the forty guests were discussing it the Schubert Mandolin club discoursed music. After the completion of this part of the evening's pleasures, which began at 10:30 o'clock, a literary program was carried out and the character of Lincoln told in the toasts which were responded to by distinguished members of the order. The banquet lasted until after the midnight hours.

James B. Harper officiated as toast master, and the following toasts were given and responded to:

"Lincoln, the Orator"—Gen. J. R. Carnahan, Indianapolis.

"Lincoln, the Man"—The Hon. Jesse W. Weik, Greencastle.

"Lincoln, the Humanitarian"—The Rev. J. S. Ainslie.

"Lincoln," a Reading—Dr. W. F. Schrader.

"Lincoln, Personal Recollections"—The Hon. Charles McCulloch.

The speeches were gems of after dinner oratory and each one of them was replete with a narration of those wonderful qualities of heart and mind which made Abraham Lincoln truly great. General Carnahan and Hon. Jesse Weik were the two visiting guests who spoke, and their efforts were excellent and well received. Rev. Ainslie and Mr. McCulloch were forcible and interesting in what they had to say of Lincoln, and as Mr. McCulloch had a personal acquaintance with the martyred president, his remarks were especially interesting. Mr. Harper as toastmaster, acquitted himself creditably in that position and the banquet was voted a grand success, Landlord Townsend doing everything in his power to contribute to the entertainment of his guests.

THE NEW WOMAN

How She Appeared to a Long Row of Old Family Portraits.

She [illegible] up the stairs two at a time, through the picture gallery, into the gymnasium. She wore a white woolen sweater and crimson bloomers. Her eyes sparkled with health; her skin was as smooth and fair as a rose leaf. The family portraits, every last one of them, craned their necks to get another look at her. Spanish [illegible], French marquis, Dutch settler, Cromwell's soldier Roundhead, early Puritan, latter day Yankee, handsome Indian chief—for, alas, the great family had known one misalliance—all were eager to stare at the lovely vision.

Dutchman—What is that which just passed through?

Roundhead—It should be a man by the garb, but the outlines were those of a woman.

Frenchman—St. Denis aid me, but she was fair to look upon! Marked you her trim ankles?

Spaniard—I beheld more than ankles. To me she seemed some bold maiden ready for the fight. I say she violates etiquette in attiring herself thus.

Puritan—'Tis Monday of the week. Why bendeth she not over the family washtub?

Roundhead—Who prepareth the noontide meal?

Indian—The chief's wampum goes unstrung.

Dutchman—She should be on her knees scouring the kitchen floor. How have such things come about?

Yankee—I have heard lots of talk as people pass. I always keep my eyes open. It seems that women have become completely changed. They now rebel against tradition and scorn St. Paul. It is whispered that they have blotted out the word "obey" from the marriage service. (Universal groan.)

Roundhead—Oh, forward and perverse! Oh, generation of vipers!

Frenchman—The little serpents are lovely as angels.

Yankee—They join clubs; they read the papers; they deride the laws which we have made to govern them.

Spaniard—Horrible! Who are their duennas?

Yankee—The duennas are the worst of the lot. They began it, wearing their hair short and clamoring for emancipation. In some states the women now go to the polls and vote.

Roundhead—Hussies!

Puritan—I would put them in the stocks. I would duck them in running water. I would brand their shameless foreheads.

Yankee—They deck themselves gayly.

Frenchman—That they ever did. 'Tis no crime they would be beautiful in our eyes.

Yankee—They consider fields and buy them. They plant vineyards. They take up claims.

Indian—Ugh! Heap fool business. Who carries the wigwam? Who skins the deer? Who hoes the corn?

Yankee—Not that fair squaw in the gymnasium putting on grace and muscle. The brave hoes the corn, or there wouldn't be a kernel in the land.

Indian—Glad I'm a good dead Injun.

Spaniard—What is her object in doing these scandalous, these unlicensed things?

Yankee—Why, they say they have been downtrodden and oppressed for ages by brute man; haven't had a fair chance. They even declare the Lord created them the equals of us.

Roundhead—Jezebels! The Lord made them subject to us in all things as weaker vessels. I would keep them down with a heavy hand.

Yankee—Your day has passed. What could you do with that compound of fire and steel up yonder? She would fight. She would run you through with her sword.

Spaniard (scornfully)—The Maid of Saragossa. I heard of her after my time.

Yankee—She bears; she rides strange machines through the highways; she drives four-in-hand; she drills like a soldier; she knows no fear.

Frenchman—Joan of Arc—St. Joan!

Dutchman—There were such at Leyden and at Slays.

Yankee—She dances all night; she hunts and swims; she wheedles her old father.

Indian—Pocahontas again.

Yankee—She studies Greek and medicine; she slums; she visits the sick in hospitals. You will find her on the battlefield [illegible] the smoke has cleared away.

Roundhead (respectfully)—Florence Nightingale. She was not of the Stuarts' reign; she came later.

Yankee—Strong, healthy, earnest, gay, sympathetic, full of fads, she laughs, weeps, sings, flirts—

Frenchman—Ah!

Yankee—Works and plays. She rules the world with a rod of iron. Man calls her the new woman.

Roundhead—She is a mystery. I give her up.

Yankee—I never will.

Frenchman—Other times, other manners. Let her be what she will, I suppose he still can love.

Yankee—New as she is, she is as old as Eve. A warm heart beats under that sweater.

Dutchman—It takes an idea some time to get into my head, but I have been thinking that maybe we are all responsible for her. In Holland women fought and starved and drowned along with the best of us when we drove out Alva's hordes, and they never complained.

Spaniard—Isabella and Columbus.

Frenchman—We Frenchmen have always let them set their dainty feet on our necks.

Roundhead—Magna Charta and the roast beef of old England.

Indian—Freedom and a free life.

Puritan—Strength through endurance.

Yankee—The Declaration of Independence. Three cheers for the new woman! Hush; here she comes, the darling!—Chicago Times-Herald.

TIRED OF ESSAYS.

Vassar Girls Ask For a Change of Programme at Commencement.

The senior class of Vassar college has petitioned the college faculty to substitute for the usual commencement exercises an address by some well known educator. The exercises have consisted heretofore of the reading of essays by six or eight graduates chosen from the honor list, a short address by the president of the college and the conferring of the degrees.

The students maintain that the reading of essays by the members of the graduating class is uninteresting and of no educational value. The essays rarely show any originality. They are little more than the result of careful reading. They are seldom of interest to any except the friends of the graduate.

The students ask that a lecture on some subject of educational interest be given by a member of the college faculty or board of trustees or by somebody else of equal qualifications. They say that the commencement exercises would gain in interest and in direct educational value by the change.—New York Sun.

Novel Bicycling.

Bicyclists in some parts of northern Michigan had a novel experience last week. The snow was well over the tops of the fences, and so thick a crust was formed on it that the bicyclists were able for a week or more to ride their wheels across lots.—New York Sun.

Where They Stopped.

Mr. Emancipus—There is one good thing. New women can never become anglomaniacs.

Mrs. Emancipus—Why not?

Mr. Emancipus—You can't turn your bloomers up at the bottom.—Brooklyn Life.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

The old story of Prometheus is a parable, an allegory. Prometheus was on terms of intimacy with the gods. From them he stole fire, and gave it to men. For this sin he was bound to the rocks of Mount Caucasus, and vultures were set upon him. They only ate his liver. This grew again as fast as it was picked away. Are his sufferings to be imagined? Yes, and realized.

Take a modern interpretation of the parable. There is no cooking without fire. In cooking and eating the mischief lies. The stomach is overtasked, the bowels become clogged, they cannot dispose of the food that is given them. The impurities back up on the liver. Then come the vultures. The sufferings from an outside, visible hurt, are a mere pin-scratch to the torments of a diseased liver.

But, moderns are ahead of the ancients. There is a sequel to the old story. Dr. Pierce is the author. His "Golden Medical Discovery" is more than equal to the vultures of dyspepsia and its kindred diseases. Every atom of the "Discovery" is an active agent against disease. It flies like a ferret, wherever it is sent. It is as sure as the needle of the compass. There is no more need of suffering from dyspepsia than there is of hanging oneself.

FAST FREIGHT RUN.

Engineer Frank Telley Breaks the Record.

Grand Rapids Railway Bridges Being Inspected—Local and Personal Gossip.

Frank H. Telley, of the Nickel Plate, is credited with making the best freight run ever made on that line. Sunday afternoon at 2.20 o'clock he left Stony Island with twenty-five refrigerator cars loaded with dressed beef and pulled into the yards in this city at 8.30 o'clock, covering the distance of 137 miles in six hours and ten minutes, including forty minutes dead time for railway crossings and other purposes. The run was made with one tank of coal, something which railway men regard as phenomenal, as it is customary to "coal up" all heavily loaded freight trains at some intermediate station between this city and Stony Island. The engine which made this phenomenal run is No. 92, an exact counterpart of the Erie engine, which became famous for fast runs during the world's fair. It was designed by John McKenzie, superintendent of motive power of the Nickel Plate, for the fast freight service, and it has sixty two inch drive wheels and cylinders eighteen by twenty-four inches. Faster freight runs have been recorded, but they were not made with anything near as heavy a train as the one brought down from Chicago on this occasion. The beef on the train was consigned to London and it was necessary to get it into Boston today, where a steamer awaits its arrival to convey it across the ocean.

PASSENGER AGENTS' MEETING.

An Associated Press dispatch from San Francisco reads as follows: "The general passenger agents of nearly all the transcontinental lines are hurrying westward to attend the meeting of the Trans-Continental Passenger association, in this city, tomorrow. This will be the first meeting of the association in San Francisco and the event is attracting great interest in local railway circles. The demand of the Southern Pacific and the Canadian Pacific for a differential on business out of this territory is a matter which promises to be debated at great length."

BRIDGE INSPECTION TOUR

Supt. P. S. O'Rourke and Mr. Ives a bridge expert from the east, this morning commenced a bridge inspection tour of the Grand Rapids and Indiana road. They went south on a special train, leaving this city at 8.30 o'clock, to inspect the Richmond division. Then they will treat the Grand Rapids division in a similar manner.

MINOR NOTES.

Superintendent C. D. Law is in Chicago today.

Fireman G. VanOsdale, of the Pittsburg, is sick and off duty.

J. R. Diddle has taken a position as brakeman on the Nickel Plate.

Nickel Plate Conductor Denbow resumed work today, after a few days' absence.

Williard Knight left for Grand Rapids this morning, on business for the Electric corporation.

Master Mechanic George James, of the Stony Island shops, was in the city yesterday and last night.

Frank Lightfoot left yesterday for Rock Run, Ala., on business for the Bass Foundry and Machine works.

William Sill, an apprentice at the Bass machine shop, resumed work yesterday, after several weeks' illness.

An Indianapolis man has invented a punctureless bicycle tire. A company will be organized for its manufacture.

A 1500 light and an 1800 light dynamos, and a five horse power motor were the shipments from the Electric works today.

Gus Schmetzer has resumed his old position in the electric works and is now engaged in putting in a fire alarm system.

Hugh Gordon, of the Pittsburg baggage room, has returned from Iowa. He resumed his duties at the depot this morning.

James Henry came home from the east last night. He had been engaged about two months in putting in a plant at Tudey, New York.

A branch of the Ladies' Auxilliary of the Order of Railway Conductors was organized at Pittsburg last week with twenty-three charter members.

I. B. Garvis, who is temporarily relieving one of the Wabash local freight engineers at this point, went to Andrews this morning to visit his folks.

Walter Scott, clerk in the office of General Manager Loree, of the Pennsylvania lines, is in poor health, and has gone to North Carolina for a few weeks' rest.

Robert Pitcairn, general superintendent of the Pennsylvania lines east, last week celebrated his sixtieth birthday and was the recipient of several appropriate presents.

A. Z. Polhamus, superintendent of agencies of S. F. Bowser & Co., went east last night to be gone for two weeks, looking after the company's agents in that locality.

George W. Prescott, who recently resigned as superintendent of motive power of the Vandalia, has been placed at the head of the Novelty iron works at Dixon, Ill.

William Cutler, shop foreman at the Standard Wheel works, has gone to St. Joseph hospital to have a tumor removed from one of his legs. He expects to be out again in a week.

On Wednesday the limited express on the Pennsylvania road, consisting of seven cars, all Pullman but one, was hauled from Harrisburg to Elizabethtown, 18.5 miles, in sixteen minutes.

John Eylenburg, the Western Union telegrapher at the Pittsburg depot, came home last night from Bucyrus, Ohio, where he attended the funeral of Mrs. Meyers, mother of Mrs. Eylenburg.

Mrs. Ernest H. Sauerwine, widow of the Lake Shore shopman whose shocking death occurred some months ago, has returned to the city and is stopping with her brother, in the south part of the city.

Fred Thorp, of the Pennsylvania dispatchers' office, took five fine bass out of the St. Joe river, at the stone wall, between 5 and 7 o'clock this morning. The combined weight of the catch was seven and one half pounds.

It is stated that the Lake Erie and Western will become a member of the Joint Traffic Association. For some months the trunk line presidents have been laboring with the Brice people to induce them to take such steps.

W. A. Simpson Sloan, vice president of the Delaware, Lackawanna and Western railroad, died at New York yesterday, from a protracted illness. He was the son of Samuel Sloan, president of the Lackawanna railroad, and was born in 1858.

J. Eggemann, a Nickel Plate brakeman, who was sick several days is again able to work. Brakeman R. W. Springer, of the same road, also reported for duty yesterday. He was taking a vacation to entertain his uncle.

Mr. and Mrs. Christian Beck, who were the guests of Mr. and Mrs. Henry Geye, of 421 East Wayne street, left for their home in Huntington last night. The couple were recently married and have just completed a wedding tour. Mr. Beck is a fireman on the Chicago and Erie road.

With the taking effect of the summer time table the Pennsylvania company will put on a new train between New York and Chicago, using the Pittsburg, Fort Wayne and Chicago west of Pittsburg. It will be called the Philadelphia and Chicago special.

The Pennsylvania company has under consideration the purchase of one hundred acres of ground at Logansport, which would embrace the Hamilton water power property. That the Pennsylvania company has in view making some extensive improvements at Logansport is very apparent.

Joseph Bracht, the well known Nickel Plate engineer, returned from Hot Springs, Ark., yesterday and will at once resume his duties on the road. Mr. Bracht has been a great sufferer from rheumatism for some time and for two months was taking treatment at the springs. He came home entirely cured.

The financial situation is now such that the owners of the Valley terminals at Cleveland, O., have decided to defer contemplated improvements for which $6,000,000 of bonds were issued, the Baltimore and Ohio guaranteeing the interest. Eventually the plans regarding terminals of the Valley company at Cleveland will be carried out.

STATE NEWS.

Christian Hipp, three times elected councilman at Wabash, and who was a candidate for re-election, and was defeated on Tuesday last, has announced his disgust for the democracy and joined the republicans.

John Williams, an old farmer near Waterloo, was called to his door after night by the information that his grandchild was dying. He was then struck with a sledge hammer, disabled and robbed of considerable money.

Frank Slusser, thirteen years old, of Terre Haute, tried to save his little friend, Barry Baird, who was drowning in the Wabash river, and both were carried down. Baird was rescued by Harry Hosler, who rode into the water on horseback, but he was unable to relieve Slusser.

Sylvester Lacy, of Columbus, a pensioner, cashed his check, and, while intoxicated, made a showing of his money. En route home he was attacked by a highwaymen, who used him dangerously and robbed him. After reaching home, Lacy lapsed into unconsciousness.

John Ruschenbach, near Stillwell, was attacked by a maddened boar, who knocked him down and used his tusk with terrible force. One of the blows caught Rauschenbach in the left wrist, tearing its way through muscle and flesh half way to the elbow. The main arteries were cut, and Rauschenbach narrowly escaped bleeding to death.

Charles Harrison, of Warren county, a suitor for the hand of Miss Ida Welch, found himself supplanted by Harry Smith. Watching his opportunity, when Mr. Smith was making a call upon Miss Welch, he entered the house and began shooting. Both Smith and Miss Welch were severely wounded and, under the impression that he had killed them, he placed a bullet in his own brain, falling dead. Smith was shot in the breast and Miss Welch in the arm and near the stomach.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction, she was brought down with pneumonia, succeeding la grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Dreier & Bro.'s Drug Store. Regular size, 50c and $1.00.

The oil well business in the Woodburn field is progressing rapidly. Well No. 1 is being drilled deeper and will be shot very soon with a charge of 200 quarts of nitro-glycerine and it is said that the Trenton rock in which they are now working gives better indications than were expected. Well No. 2 is being drilled and will be shot in about thirty days.

A Parisian Sorceress

MLLE. HENRIETTE COUEDON, the representative of the Archangel Gabriel, in Paris, is a prophetess not without honor in her own country. Thousands have visited her, and her humble apartments in the Rue Paradis are thronged with curious crowds.

Dr. Charcot said a short time before his death, "In 50 years you will see trials for sorcery reappear under a scientific name."

This prophecy is recalled by the case of Mlle. Couedon, for the fickle Parisian populace that is now at her feet may in a moment turn and rend her, and the fate of Joan of Arc may yet befall this inspired young woman.

She appears to go into a trance of a somnambulistic character, in the course of which her utterances are declared to be those of the archangel. Mlle. Couedon declares that Gabriel first manifested himself to her in August last, when he explained to her the mission with which she has been intrusted by Providence. She adds that since then whenever she is in a state of trance it is the archangel who is speaking through her mouth, and who permeates her whole being to such an extent as to extinguish her own personality and individuality.

It will scarcely be believed that this astounding tale finds innumerable believers among all classes of the population. All sorts of people have been to consult her concerning her future, and the cardinal archbishop has actually been compelled to issue a pastoral letter to his clergy prohibiting them from visiting her in consequence of the crowds of priests who have been flocking to the Rue Paradis. The newspapers are devoting whole columns to the subject, and her tale of prophetess constitutes the all absorbing topic of conversation. Among those who have consulted her have been a number of prominent government officials, eminent politicians and even academicians, including the accomplished and versatile director of the Comedie Francaise, M. Jules Claretie. They all profess to go to scoff, but leave her house with surprise and perplexity depicted on their features.

MLLE. HENRIETTE COUEDON.

Prince Henry of Orleans has also been to see her, and it is said that she predicted to him the eternal exile of the house of Orleans and of the Bonapartes, declaring at the same time that the downfall of the republic was imminent, and that France would be saved by a foreign prince who would ascend the throne. She prophesies wars, disasters and catastrophes of every kind for the near future, and, what is more, people seem to believe her and to be deeply impressed by her utterances.

Mrs. Crawford, the well known correspondent, thus describes Mlle. Couedon: "When not under the influence of the Angel Gabriel, she is a jolly, comely girl, with fine teeth, nice features, a pleasant glow in the cheeks and quite a shock of very fine hair, which, however, gets dry and stiff when the celestial visitant comes to her. Her eyes have perpetually distended pupils. This alone would mark her out as a 'case.' A pair of strong and almost meeting brows give a Breton expression to the countenance. The girl may be a survival of the Celtic bards of old. She strings together her predictions in a doggerel like that of Nostradamus. Her father and mother, who believe in her and think she has been raised to warn France from the edge of an abyss, declare that she never was a rhymer except since Gabriel first visited her."

That there is a strongly developed tendency to mysticism in the French character is apparent from the fact that clairvoyants have always had a far greater success in Paris than anywhere else in Europe. Thus the great Napoleon and even his skeptical and cynical minister, Talleyrand, did not disdain to consult the celebrated somnambulist, Mme. Le Normand, and their example was followed by the third Napoleon and by many princes of the house of Orleans. Moreover, it was only a short time ago that the Duc de la Rochefoucauld-Doudeauville was engaged in legal proceedings against Mme. Mongruel, who has hitherto been considered as the doyenne of the the clairvoyants, with the object of preventing her from using in her prospectuses the facsimile of a letter addressed to her in 1849 by his father, in which the latter describes her as an "admirable and natural sibyl."

Dunraven Done.

The unpleasant termination of the Dunraven affair must be regretted, but certainly the New York Yacht club has nothing to reproach itself with. Dunraven made charges of unfair treatment against Mr. Iselin, with whom he raced last summer. The New York Yacht club had these charges investigated by as able a committee as the world affords probably. The committee found them groundless. Dunraven then had the course of a gentleman left open to him—to apologize to the New York Yacht club, of which he was a member, for his mistake. Everybody was considerate enough to believe this somewhat hasty tempered gentleman had really thought the charges well founded, but he was proved by the committee to be wrong. Ample opportunity was given him to apologize. He did not and would not. The only course left open to the club was to expel him from membership, as it did do. Instead of apologizing, Dunraven sent a letter resigning from the club. His letter did not reach the club before his expulsion, but if it had the result could not have been different. To be allowed to resign from an organization it is a recognized rule that the member resigning must be in good standing, which Dunraven certainly was not. He could only have been expelled even if his letter had been received. It is to be hoped, however, that [illegible] interfere with [illegible] cordial relations between England and [illegible]

Patmos, or the Unveiling.

By Rev. Charles Beecher, author of "Spiritual Manifestations," "Redeemer and Redeemed," "Eden Tableau," etc. Cloth.

This exposition of the Apocalypse of St. John is very ably written, as would be expected from its talented author. "It is an unveiling of the difficult book of Revelation, and it is accomplished with the genius which belong to the Beecher family. The early portion of the book sets forth the environment of the Apostle, the nature of vision, and the literalness of the apostles descriptions. The author then proceeds to give a specific interpretation of the symbols in the light of history. The speculative portions cannot fail to command attention, the descriptions being beautiful in the extreme.

"There is the theological training, the scholarship, and above all the free mind and noble Christian spirit which vitalize and redeem at every point. It is like the father reading a book to his boy and making it all clear and delightful to him. He follows with reverence the opening of the seals; he shows the course of history and the trend of the world as seen in the pictures here represented. Everything is alive with spiritual meaning and import. It is interesting from beginning to end, and will be a most valuable addition to the Christian's library."

It is a scholarly and thoughtful presentation of the subject. [Price $1 50.] —Published by Lee & Shepard, Boston, Mass 12 2t
